RISKS LIFE TO SAVE 3 FROM FLAMES

BUSH SILENT ON REPORTED DEAL

PRESIDENT OF W. P. RY. EVASIVE

Railroad Circles Hear Report of Gould Extension

Oakland & Antioch Reported Held on Option

CONCURRENT with the announcement from seemingly responsible sources of the purchase of the Oakland, Antioch & Eastern Railroad by the Western Pacific Railway Company, comes a message from President Bush of the Western Pacific interests saying that he prefers to remain silent on the subject of acquisition of the new line out of Oakland.

The story of the purchase of the Antioch system, which taps the rich Contra Costa districts and brings them into close business relations with Oakland, was given wide circulation yesterday afternoon. The local and San Francisco officials of the Western Pacific admit that the Oakland and Antioch, as it is more familiarly known here, would be a valuable adjunct to the Western Pacific, and C. M. Levey, vice-president of the latter company, this morning said that while the Western Pacific's present lines to Oakland from Sacramento would be paralleled, the short cut by the Oakland and Antioch would be a great saving of time on the division between the bay cities and the Sacramento valley.

MAY HAVE OPTION. President Bush of the Western Pacific is due here in the latter part of next month. He is going to make a general survey of all of the company's properties and it is rumored that he holds the Oakland and Antioch option in his pocket.

Soon following the reorganization of the western division of the Western Pacific it was reported from Wall Street that the lines known as the Gould system, the Denver and Rio Grande and certain lines of Denver, had raised funds for betterments. The

DEAF AND DUMB, BUT A SMOOTH TALKER

Human Paradox 'Won My Wife,' Says Hennings

Blase and smooth of speech, equipped with the wiles of the world, and able at the same time to earn his living by affecting to be deaf and dumb to solicit alms on the public highway, James Andrews, alias Patrick Hopper, entered the home of M. F. Hennings, 2215 Perakia avenue, as a guest, but remained as master of the house, according to Hennings, and Hennings, who had taken Andrews to his home out of pity, because he became alarmed when he found that his wife had become an admirer of the clever guest, and preferred the society of Andrews to that of her husband.

Hennings found the situation intolerable today and as a last resort called in Corporal E. J. Conroy and placed Andrews under arrest on a charge of vagrancy. Hennings told a pathetic story of woe and trouble.

UNDERWOOD AND PAYNE DEBATE

Leader Says New Tariff Places Necessities on Free List

Revenues to Yield Surplus of \$18,000,000, Belief

To Try Out Tariff; Foreign Goods Here

NEW YORK, Sept. 30.—A practical demonstration of one section of the new tariff law will be given almost as soon as it is signed by President Wilson. Huge quantities of foreign-made merchandise, already imported, will be thrown on the market at large centers throughout the country. Figures compiled by the Journal of Commerce show that goods in bond in New York alone on August 31 were valued at \$67,301,000 and that since that time the total has increased largely.

BULLETIN.

WASHINGTON, Sept. 30.—By a vote of 254 to 103 the House today agreed to the conference report on the tariff bill as it came from the conference committee. Four Democrats voted against its adoption. The cotton manufacturers' amendment will be voted on separately.

WASHINGTON, Sept. 30.—"The rates of the tariff bill as it comes back to the House for approval proposes a lower taxation than any tariff bill in the last three-quarters of a century," said Representative Oscar W. Underwood, Democratic leader of the House, in the opening speech today in support of the conference report on the tariff bill.

"The bill as it is now before the House is lower in its rates than either the bill that passed the House or the bill that passed the Senate, and the House conferees accepted all but three or four of the reductions made by the Senate, while the Senate receded from over one-half of its increases."

"This tariff bill, with its 26 per cent average, is almost as low as the Walker tariff, which had low duties on liquor and tobacco. Besides its great reductions on articles of general use this bill places many of the necessities of life on the free list."

Begin Murder Trial Of Mrs. M. de Valle

Trial of Mrs. Mary DeValle, who murdered her husband, Manuel E. DeValle, in their home near Irvington last June, commenced today before Superior Judge Donahue with the selection of a jury. Mrs. DeValle entered a room where her husband was asleep and shot him through the head. She confessed the crime, declaring that she had been mistreated for many years and that previous to the shooting she had been forced to sleep at night in haystacks with her small children.

Several jurors were excused after they had expressed themselves as finding that they would be extremely favorable to the defendant.

Pastor's Unmuzzled Dog Leads to His Arrest

Rev. F. S. Brush, pastor of the First Presbyterian Church of Alameda, was arrested last evening by Patrolman M. F. Andrews for violating the ordinance requiring that dogs be muzzled. Explanations were made in Judge Mortimer Smith's court this morning and the case dismissed. Rev. Brush promising to supply his dog with the necessary muzzle. Mrs. Gertrude McNelis of 4918 Telegraph avenue was arrested by Patrolman J. A. Riley on a similar charge. She was also allowed her freedom by Judge Smith this morning upon her promise to supply a muzzle for her dog.

Preventive Bullet Better Than Pasteur Virus for Rabies

BERKELEY, Sept. 30.—Miss Viola Griffin of 1509 Milvia street has found a cure for rabies to equal the Pasteur treatment. It is bullets, and she believes that by this means she may protect herself from hydrophobic dogs.

In the city council's mail this morning was a request from Miss Griffin that she be granted a permit to carry a revolver to protect herself against possible bite. The letter was referred to committee of the whole. It read as follows:

"I have to go to my work early in the morning and often return home after dark. I am often annoyed by dogs and am afraid I may be bitten by one that is mad. Will you kindly let me have a permit to carry a revolver so long as there is acknowledged danger from rabies?"

CRIME WAVE IS END OF BARBARY

Passing of Tenderloin Is Being Marked by Hot "Finish"

Grape Juice and High Neck Gowns Next, if You Please

SAN FRANCISCO, Sept. 30.—When the clock on the old tower of St. Mary's Paulist church tolls the hour of midnight tonight and the huge electric cross is extinguished, which for months has dashed its warning to tenderloin habitués to mend their ways and hesitate before taking some fatal step, the Barbary Coast will be no more. The promise of the police commission to take the barb out of Barbary and sweep away the "terror" from Terrace street, will be realized, and yet the Barbary Coast, known in every port in the world and recently hoisted to fame by reason of its having originated the rag dances, is dying a hard death. This morning the last warning of the coast between the hours of midnight and 4 o'clock a dozen crimes were committed. Six men went to jail for felonies. Hold-ups and robberies were frequent. A woman was insulted and the police of the tenderloin squad were kept in a turmoil in an effort to straighten out tangles, capture robbers and knife-wielders and prevent what looked for a time like a riot sweeping in front of the dance halls from Grant avenue to Sansome street.

FIRE SHOTS IN STRIKE BATTLE

Fights Between Union and Non-union Men Frequent

CALUMET, Mich., Sept. 30.—Shots fired in two attacks on strikebreakers and numerous fights between union and non-union miners marked the copper mine strike today. A special car with 30 men from a New York detective agency brought to assist in breaking the copper strike was attacked, presumably by strikers, when it arrived at Ahmeek before dawn. A number of shots were fired at them and the fire was returned. Many windows were broken by stones hurled at them, but no one was hurt.

Obstructions placed across the tracks prevented the car from reaching the mine. It was brought back to Calumet.

A few hours later, when the men returned to Ahmeek in automobiles, many shots again were exchanged. Only one of the automobile was hit and as far as known no one on either side was wounded.

FOLLOWS COURT ACTION. Disorder was rampant in the Calumet and Keweenaw districts today following the dissolution by Circuit Judge O'Brien of the injunction against picketing and interference with workmen by strikers. Attacks on men going to work were numerous and several arrests were made by military and civil officers.

The strikers were wildly demonstrative and women sympathizers again were much in evidence. Two women were among those arrested. Dinner pails were snatched from workmen and smashed on the streets and the officers were hooted. General P. L. Abbey, in charge of the 200 state troops, considers the situation serious.

NO WORKMEN REPORT.

Not a man reported for work at the Mohawk mine this morning, due to threats by strikers last night. The mine fires died out and the town of Mohawk was without fire protection and water supply.

It is expected that the disturbances of this morning will lead to the application by the mining companies for a restraining order against intimidation and violence.

Wild Duck Season Is Postponed to Oct. 15

SAN FRANCISCO, Sept. 30.—A dispatch to the Fish and Game Commission of California, received today from Washington, carried word that the season for shooting wild ducks

and geese will not open tomorrow, as 50,000 sportsmen expected, but has been postponed at the last moment by an order from the government extending the protection of migrating birds until October 15.

SAN FRANCISCO, Sept. 30.—A dispatch to the Fish and Game Commission of California, received today from Washington, carried word that the season for shooting wild ducks

and geese will not open tomorrow, as 50,000 sportsmen expected, but has been postponed at the last moment by an order from the government extending the protection of migrating birds until October 15.

Friends and neighbors of Jack Hearn, 1959 Park avenue, presented a petition carrying 500 signatures to the city clerk asking that Hearn be permitted to retain his license for the saloon at the present location. The petition recited that Hearn had conducted his business in an orderly manner for 21 years, that he had never occasioned complaint and that he was a fit and proper man to conduct a saloon. The petition was placed on file.

WOULD HAVE STATE BODY FIX RATES

Citizens Ask Mayor to Transfer Powers to Commission

Demand for immediate action on the matter of transferring to the state public utilities commission the rate fixing powers of the city council was made upon Mayor Mott this morning by a committee which waited upon him in his chambers.

The committee declared that unless the city commissioners hastened to take action, an initiative petition to submit the matter of transferring the rate-fixing power to the state commission would be circulated.

Mayor Mott explained that the commissioners would take the matter up as soon as possible, but that for the protection of the city it was desired to study the bearing of such action on the matter of water rates before including the water rate powers in the transfer to the state.

TO HOLD CONFERENCE.

A conference will be held this week between the commissioners and Consulting Engineer on Water J. H. Dockweiler, and with the members of the municipal water supply committee, to consider this phase of the subject. It is feared that the transfer of the rate fixing on water rates might prove a detriment to the city, as such action would undoubtedly abrogate the famous Pendleton-Titus agreement by which Oakland enjoys the present comparatively low rates from the company. The delegation of power, or the inclusion of the water rates in an ordinance making such a transfer would throw the entire matter of water rates open to renewed litigation.

"The Pendleton-Titus agreement has saved the city over \$1,000,000," said Mayor Mott after the conference today. "We do not wish to abandon the Pendleton-Titus agreement."

EXPECT FAIRNESS.

That the present rates can be established as fair, and that the city has nothing to fear from submitting water rates with other rates to the state commission is said to be the opinion expressed by experts who have studied the rate matter.

The committee which waited upon Mayor Mott urged immediate action, that the matter might go to the state commission by next spring, so that the commission might fix next year's

POPULAR TRAVELER IS NEAR-BENEDICK

Cosmopolite Breaks His Engagement With Dancer; Report

An attractive showing of pink whiskers of the James Hamilton Lewis sort seem to have failed to brush away care from the brow of Mlle. Napierkowska, Russian dancer, who has been making even blase Paris stand up and take notice of her clever performances. The wearer of the whiskers is John Menzies Stewart, one of the managers for the Pacific Steam Navigation Company, clubman, traveler and all-round good fellow, well known here and in San Francisco.

Stewart was reported to have been smitten with the radiantly beautiful Russian. He met her in Paris and again in London and later left her for a business trip to the Pacific coast. She returned to St. Petersburg and the report was that an engagement was about to be announced and that Mlle. Napierkowska would consent to come to America and join her prospective husband in New York.

Stewart arrived in San Francisco about two months ago and went to a leading hotel. He told his close friends that he had captured the beautiful Russian and that in his belief his "James Hamiltons" did it.

He was happy, very busy and left for Los Angeles and said he would proceed to Gotham from the southern city.

Now comes news that the reported engagement is off. The London papers have it that Stewart has been in Paris and has called for South America to attend to the business of his company there. He will probably return via San Francisco and Oakland and relate to his many friends of pink whiskers the reason why his pink whiskers failed and why, perhaps, it is "better to have loved and lost than never to have loved at all."

He was happy, very busy and left for Los Angeles and said he would proceed to Gotham from the southern city.

Americans Warned to Leave Piedras Negras

EAGLE PASS, Texas, Sept. 30.—All the Americans in Piedras Negras have been instructed by Consul Blocker to leave for the American side before 7 o'clock tonight. The reason for the order has not

FLORIST IS HERO OF FIRE

J. Fred Seulberger Rescues His Wife and Children

Drops Unconscious After He Has Accomplished Task

HEROIC rescue of his two children and his wife from the flames of his burning home almost cost J. Fred Seulberger, manager of the Seulberger florist house in Fourteenth street, his life last night. The fire occurred at 608 Mandana boulevard, and Seulberger, after carrying members of his family to safety, fell unconscious on the landing of the stairway and was carried out unconscious by firemen. Seulberger is under the care of a physician today.

The fire resulted in two firemen being overcome by smoke and in several neighbors who aided in fighting the flames being slightly burned. These were Ed Healey, driver for Assistant Chief Sam Short, and Arthur Berwick of Truck No. 4.

The fire was caused by an electric iron that had been left with the current turned on by a servant in the house. Damage amounted to over \$2000.

The family had all retired and were sound asleep when the iron scorched its way into the ironing board on which it had been left standing, and the board suddenly smoldered into flames. The kitchen quickly became a furnace of heat and flame and the suffocating volumes of smoke poured into the other rooms and up to the second story of the house.

CRIPES AWAKE HIM.

Seulberger and his wife were sleeping in the upper part of the house, while the two children, Esther, aged 2 years, and Fred, aged 5 years, were sleeping on a porch at the rear of the house.

The cries of the children awakened the mother and father. Had they not been sleeping outside the whole family might have been trapped in the burning building, as the suffocating smoke would undoubtedly have rendered Seulberger and his wife unconscious before they awoke.

Seulberger awoke and groped his way to the sleeping porch. There he picked up the tiny girl and fought his way back into the house and down

'SLIP OF TONGUE' BETRAYS MARRIAGE

Parents of 17-Year-Old Girl Now Seeking Annulment

Miss Naomi Free, a pretty 17-year-old girl usher at Ye Liberty Theater, made a slip of the tongue after breakfast in the home of her parents, Mr. and Mrs. H. A. Free, 2408 Roosevelt avenue, Berkeley, the other morning which led to an investigation.

"Well, mother, I guess I will have to go to my husband's house," she exclaimed after the dishes were washed.

"Your husband's house?" queried the astonished parent.

"No, I didn't mean that—it was just a slip," replied the daughter.

But father and mother got busy and made an investigation. They found that Miss Naomi had come to San Rafael on July 20 last and obtained a marriage license to wed James J. Apostle, a clerk. The ceremony was performed and the couple returned to their respective homes, seeming single-blessedness. All went well until that "slip of the tongue."

The investigation of the ceremony on the grounds that their daughter was not of age when she took out the license, Apostle is 23 years of age. Attorney H. A. Jettrell, representing Mrs. Clara Free, the mother, filed a suit for annulment today in the Superior Court.

ITIES ASKED TO ATTEND MEETING

Mayor Mott Sends Out Invitations Relative to Traction Conference.

Nine Municipalities and Two Counties Are Interested in Proposals.

Invitations to take part in the conference were sent out by Mayor Frank K. Mott today to the officials of the cities proposed to be included in the district and the boards of supervisors of Alameda and Contra Costa counties. The conference will be held Friday afternoon at 2:30 o'clock in the chambers of Mayor Mott.

be transmitted by Secretary William Jordan to the mayors and chairmen of the boards of supervisors and will be passed on by them to the officials of the cities. The meeting will be one of the most important ever held here.

THE SEVERAL DISTRICTS. Incorporated districts to be included in the call will be Alameda and Contra Costa counties, Oakland, Berkeley, Alameda, Piedmont, Emeryville, Albany, San Leandro and Hayward. Delegates from Alameda and Contra Costa counties will be invited to attend the conference.

It is probable that the appointment of a committee of representative citizens and specialists in traction and business affairs will be urged as a preliminary step toward the study of the problem. The proposed plan of taking over the traction holdings and operating these as an inter-municipal public utility publicly owned is of such vast proportions and of such complex meaning that Mayor Mott has urged that the municipalities undertake the project with the utmost care and study the problem earnestly before any false step may be taken.

ON SOUND BASIS. "It is a big job," said Mayor Mott today, "and we must not bungle it in any way. We should be in a position to present this traction problem on a sound business basis, keep it out of the hands of men who might attempt to use it for political purposes, and make it a real service to the citizens. We would have to have an expert manager for the concern and it would be necessary to place the control of the matter in the hands of experts, who would be subject to the voice of the people in matters of large public policy."

JEALOUS WOMAN ATTEMPTS MURDER

Mrs. George McCool Shoots Three Times at Mrs. Driscoll.

VALLEJO, Sept. 29.—Mrs. George McCool, wife of a Mare Island employee, fired three shots last night at Mrs. Pauline Driscoll, employed at White Sulphur Springs, who was visiting here.

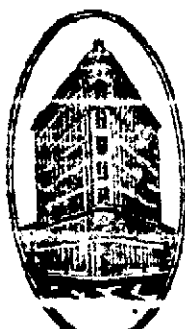

of the shots took effect. Mrs. McCool is in custody. McCool and his wife have recently had trouble and Mrs. McCool blames Mrs. Driscoll for causing it. Last night she drove to White Sulphur Springs in an automobile and asked for Mrs. Driscoll, and when the woman appeared, fired three shots at her. Then jumping into the automobile she returned to Vallejo.

Upon her arrival she was arrested and admitted the shooting. Mrs. McCool is a woman more than 40 years of age and her family is well known here.

MRS. SELMA SHOENFELD ALLOWED \$750 MONTHLY

SAN FRANCISCO, Sept. 30.—Mrs. Selma Shoenfeld, widow of James Shoenfeld, a wealthy manufacturer, was allowed \$750 a month family allowance by Superior Judge Graham today from the \$250,000 estate of the deceased.

MYSTERIOUS SQUIRMS OF TURTLES ODDLY EXPLAINED

PARIS, Sept. 30.—For some days past the turtles in the Jardin des Plantes have suffered from a mysterious affection, characterized by spasmodic movements. The professors attached to the museum were completely nonplussed by the unknown disease and all treatment proved unavailing.

This morning one of the keepers discovered an old man of strange appearance in the act of injecting a liquid into one of the turtles with a hypodermic syringe. When taken in charge by the keepers, the man was Frederico Ambrosio, and that he was formerly a professor of zoology at Milan. He had discovered, he explained, a marvelous serum and was experimenting on the turtles before trying it on mankind. He was removed to a hospital.

ASKS HELP IN FINDING CHILDREN

San Jose Woman Seeks Assistance of Deputy County Clerk.

Mrs. M. V. Ensign of 99 Pomona avenue, San Jose, has made a pitiful appeal to Chief Deputy County Clerk A. E. Johnston to assist her in locating her two great grandchildren, Ernest, aged 4, and Frances Sassenberg, aged 2 years, who, she says, were abandoned by their mother, Mrs. Helen Sassenberg.

Mrs. Ensign says that she is willing and eager to provide a home for the children. Mrs. Helen Sassenberg, granddaughter of Mrs. Ensign, was divorced by John Sassenberg in the Superior Court here on September 11 last. Sassenberg lives at 922 Egle avenue, Alameda. By the terms of the interlocutory decree issued by Judge Wells, the boy was to be given into custody of the father and the girl was given to the mother. Pending the divorce, the children were cared for in the West Oakland Home. Mrs. Sassenberg is said to be at present in San Francisco. She was formerly Helen McCannagh. Attorney Harry A. Enell represented Sassenberg in obtaining his divorce. Testimony was given at the hearing to the effect that Mrs. Sassenberg had been on familiar terms with other men.

Clerk Johnston is making a personal effort to find the children, as the great grandmother believed they had been placed in a charitable institution.

RESCUE HER FROM INFAMOUS RESORT

Husband of Former School Teacher Being Held Pending an Investigation.

SAN FRANCISCO, Sept. 30.—As the result of the rescue by Detective Sergeant Redmond, this morning, of Mrs. E. B. Parker, known as Dolly Emerson, from an infamous resort on the Barbary Coast, the woman's husband was taken into custody and is being held in default of pending an investigation. Parker is a commercial photographer, residing in the Crockett apartments, Market and Brady streets. The couple have a 5-year-old daughter, and the mother has been working in a house of ill repute, according to the police. They came here from Seattle five years ago, where Mrs. Parker was a school teacher. The woman declares that she was trying to earn money to pay for a bungalow. The police are endeavoring to determine whether her husband was in any way responsible for her being in the resort.

MOTION PICTURES TO REPLACE NIGHT SERMON

PASADENA, Sept. 30.—Motion picture comedies, travel pictures and dramas are to replace the regular Sunday evening sermons at the Unitarian Church, Raymond avenue and Chestnut street. Also there will be an evening "movie" show every Tuesday, and a children's matinee every Friday.

This was the announcement of Rev. Alan R. Nillingham, pastor, whose sermons hereafter will be preached Sunday morning.

Aside from this, the regular church services will be undisturbed. The purpose of the motion pictures is to give healthy entertainment. A voluntary collection will be accepted at the door. The new order of things will begin about November 1.

THE TRIBUNE operates the largest Job Printing plant in Alameda county. Good work at reasonable figures. Phone Oakland 528.

BOOKS ALTERED TO HELP SULZER

Entries Alleged to Have Been Made to Show Account Borrowed.

BULLETIN. ALBANY, Sept. 30.—A sensation was caused when Governor Fuller, under questions of Chief Judge Cullen, admitted that Governor Sulzer's account books changed on the books of his firm as to make it appear that his stock transactions were a loan account and not a speculative account. Chief Judge Cullen started to question the witness after he had appeared at the verbal hearing of Fuller and later counsel for the impeachment managers.

ALBANY, N. Y., Sept. 30.—The books of the stock exchange firm of Harris & Fuller, with whom Governor Sulzer dealt for three years, were changed two days before his inauguration so that it appeared that instead of the account being a speculative one the firm had merely loaned the governor money, according to evidence at his impeachment trial.

Melville B. Fuller, head of the firm, who produced the books, testified that a cross entry had been changed from the governor's account under date of December 30, 1903, showing that the firm had loaned him \$40,000, or the debit balance against the account on previous stock transactions.

These dated back to early in 1910, and showing that during that time the firm had deposited with the governor for some margin because of the steady decline of the stocks involved in the account. Some of the securities Mr. Sulzer had bought through the firm, others he had deposited as margin against those he had bought, and at the same time had borrowed money on them. The firm had also advanced him the same amount against him in the cross entry transaction, amounted to \$180,000, according to the books.

Mrs. William Sulzer had borrowed money from the Carnegie Trust company of New York, and it was to add her in his financial difficulties that the governor borrowed from the stock exchange firm of Harris & Fuller. This was the explanation which Melville B. Fuller, head of the firm, a witness today at the impeachment trial, said the governor made to him.

JEWISH NEW YEAR TO BE OBSERVED

First Hebrew Congregation to Hold Services in First Unitarian Church.

Jewish New Year's services will begin tomorrow evening when the First Hebrew Congregation of this city will assemble in the First Unitarian church at 6:15 p. m. Rabbi Friedlander today expressed his appreciation of the Unitarian congregation's tender of their church as a meeting place. A new synagogue is now being erected for the First Hebrew Congregation.

"It is this expression of liberality by one denomination toward another," said Dr. Friedlander, "that goes to make for the right spirit of mankind."

On Thursday at 9:30 a. m. New Year's services will be continued. At 10:30 Rabbi Friedlander will deliver his sermon on "The Voice and Message of the New Year." Services will also be held Friday morning at 9:30.

Attendance services will be held Friday evening, October 10, at 7, and all day Saturday, the 11th.

MAY REMIT TAXES IN FACTORY ZONE

Manufacturers' Committee Places Proposed Plan Before City Council.

That a factory zone should be at once established where city taxes may be either reduced or remitted, in order that manufacturing enterprises may be brought to Oakland, is the latest recommendation to be made to the city council by the manufacturers' committee. The plan will be placed before the governing body officially this week.

"What we propose is a factory district or zone," declared Secretary Frederico Bocle, "near the water front, where the city taxes, or the county's too, if feasible, may be either reduced or the tax payments remitted. This will allow the manufacturer, who employs many people and who brings money to the city, to better operate his business and to give more help to us in gaining other industries."

WOMEN MEMBERS ARE GRANTED RIGHT TO VOTE

BOSTON, Mass., Sept. 30.—Women members were granted the right to vote on international questions and were given complete autonomy over their own local business today by the International convention of the Brotherhood of Electrical Workers, at Labor.

LARGE RAILROAD DEAL REPORTED

Officials of Western Pacific Reticent Regarding O. & A. Purchase.

(Continued From Page 1.)

report was that the Western Pacific had acquired considerable money and that the road would request the California State Railroad Commission to give it opportunity to raise still more on bonds. This news came soon after the California commission's decision in the Union Pacific merger case, in which it was very clearly made possible for the Western Pacific, or other roads, to acquire certain trackage privileges at Benicia, Sacramento, Oakland and San Francisco that

passed in this state without fear of being shut out of spur tracks or warehouse track privileges.

At the time of the decision favorable to the Western Pacific and other roads, so far as spur terminals were concerned, it was reported that the Western Pacific was in the market for a shorter route from the Sacramento valley, or at least a strong feeder from its main lines in California.

ANOTHER LINE MENTIONED. The Valley and Northern was mentioned, but it was reported that the Santa Fe had already obtained an option on this road and was negotiating for control of the Northern electric road, an extensive valley and mountain routes. The Oakland and Antioch was mentioned, but none of the Western Pacific officials would admit that they were regarding it as a possible adjunct to their main line trunk.

Under present arrangements, the Western Pacific has a two-hour longer trip to Oakland from Sacramento than the Southern Pacific. The Oakland and Antioch can cut this by nearly two hours and a half on the regular Western Pacific schedule. It is the only short route line from the other side of the river that has acquired all of the necessary ferryboat connections for boats that can carry large trains of cars.

The purchase of the Oakland and Antioch by the Western Pacific would mean that the Gould system would open up a vast passenger and freight district adjacent to Oakland and bring an immense traffic here. The proposed San Jose extension would protect the line from the belief of those who feel confident that the Western Pacific can be financed for extension work. The San Jose line would give a clear east side route, with fast time to all northern valley points.

HAS NOTHING TO SAY. Relative to the alleged purchase of the electric properties of the Oakland and Antioch, President Bush, of the Western Pacific, said: "I have nothing to say. There is nothing to say about this at all."

Vice-President Levy said: "Of course the lines are parallel between here and Sacramento, but nevertheless the series in time would be a factor in influencing such a deal," he explained. "As far as I am concerned, I have heard nothing of it, and I do not believe that an amount of money sufficient to make the purchase could be found here at this time. The company hopes to make certain extension, but even these are a matter for the future. No money so far is available."

WAR ON VIOLETS; TO BREAK TRUST TO BREAK TRUST

Woman Fights Proposed "Corner" in the Flower Market.

SAN FRANCISCO, Sept. 30.—If by any chance you get a bunch of violets this fall, at a price like that you used to pay, know this: there is a woman in the case. Mrs. Anna Darbee, wholesale florist and pioneer in the violet raising business in San Francisco, has started to fight the violet trust.

With her own gardens yielding a generous crop and the garden of two or three independent growers at the foot of a stand against the prices which E. W. McClellan, as head of the violet combination, is demanding this season for the fragrant purple flowers.

According to Mrs. Darbee, whose shop at 1056 Hyde street contains some of the choicest violets of the season, McClellan is losing \$50 a day on his violets. She declares she won't buy them, if they can persuade their customers to be satisfied with anything instead of violets.

"But there will come a time this winter," said Mrs. Darbee "when people will have violets or nothing and then McClellan will regain all that he has been losing since September 15. The cut-of-tongue and will have to suffer, because I cannot supply all of the orders that I get from Washington, Vancouver, Oregon, Utah and a score more places. But in San Francisco I will be able to sell violets at the former prices and I hope thereby to make a slight dent in the 'violet trust.'"

DEMENTED WOMAN TRIES TO REVIVE DEAD BABE

SAN FRANCISCO, Sept. 30.—Crying and crying softly over the body of her dead baby, and beset by her senses apparently by the death of her offspring, a woman who gave her name as Theresa Schino, was found in a state of dementia last night in a lodging house at 2223 Powell street. She was placed in the Detention hospital for observation, while the remains of her baby, in a badly decomposed state, were sent to the morgue.

The Schino woman engaged a room at the lodging house last Thursday, saying she had been deserted a few months ago by her husband, a teamster, in Merced. She went to her room and was heard of no more until last night.

CRIME WAVE IS END OF BARBARY

Passing of Tenderloin District Being Marked by Criminal "Finale."

(Continued From Page 1.)

BARBARY COAST GASPS ITS LAST

From midnight to 4 o'clock this morning six men were arrested for felony. Two victims of stabbing affrays were sent to hospitals. One man was brutally beaten by thugs. Three holdups occurred. One woman was insulted. Her rescuer was fired upon and an attempt made to murder him. One man reported being "frisked"

and disturbing the peace. The remaining two men escaped.

PLEADS SELF-DEFENSE.

SATURDAY, Villochico, a fireman, living at 715 Powell street, had been drinking during the evening with James Malone of 334 Crescent avenue and Robert Villochico of 331 Jackson street. He claims that the two men knocked him down and attempted to rob him and that he drew a knife in self-defense. He cut Malone across the cheek and the latter had to go to the Harbor hospital for treatment. Patrolmen Burg and McIntyre, together with Special Officer Daggett, investigated and arrested Villochico for assault with a deadly weapon and Malone and Villochico for attempted robbery. They had hardly placed their men in the patrol wagon when they were attracted by a crowd at the other end of Pacific street, where they saw Francis Chico and Leo Gonzales rolling along the pavement. They separated the men, whereupon Gonzales found that his watch and chain were missing. It was found in Chico's pocket and he was taken into custody and booked for grand larceny.

Peter Kenny, who lives at the Howard House, asked a man whom he met for 10 cents.

"Come with me," said the stranger, and he took him down a side street and cut him in the left shoulder. He had to be taken to the Central Emergency hospital. The police are wondering whether Kenny is innocent of wrongdoing or whether he may have been mixed up in some escapade.

John Jordan, who resides at the Arcade House, 68 Clay street, was held up by two men on the edge of the Barbary Coast. When they stopped him he did not realize that they were robbers and he received a right swing to the jaw and fell. They took \$1 and a watch and at the Harbor hospital it was found that Jordan's jaw was broken.

August E. Johnson, who resides at 2105 California street, was seen the last of the coast, going in and out of the resorts, when some one stole his valued gold repeater.

GRACE M. E. MEMBERS TO RECEIVE PASTOR

Members of Grace Methodist Episcopal church, Thirty-fourth and Market streets, will give a reception to their pastor, Rev. Edward J. Bradner, and his family, at the church Friday evening next. Mrs. Frankie Anderson and Evangelist C. H. Coulter will sing, and there will be short addresses by neighboring pastors. Refreshments and a social hour will follow. Rev. Bradner was returned for the third year by the Pacific Grove conference to Grace church, and a profitable year is expected.

Situation in Mexico Discussed by Pope

ROME, Sept. 30.—The pope discussed the situation in Mexico today with the most Reverend Monsignor Ruffini, archbishop of Michoacan, Mex., who had come to Rome to present the report of his archdiocese. The pontiff took great interest in the chances of the various candidates for the presidency of Mexico. He expressed the hope that lasting tranquility would eventually be achieved and said that he prayed God to grant peace and prosperity in Mexico.

Entombed Miner Fed Through Long Tube

CENTRALIA, Pa., Sept. 30.—Miners are making desperate efforts to save the life of Thomas Tully, who was entombed last Friday in the Continental mine of the Lehigh Valley Coal Company. A hole was bored through the wall of coal behind which he is imprisoned and a long tube was inserted. Through this food has been given him. First a bottle of milk was worked through the hole to him, and today, after the tubing had been inserted to prevent the hole from closing, he was given some milk and eggs.

HERE are points other than price to be considered in the selection of your Player Piano. Do not be misled by 'Clearance Sales,' 'discontinued styles'—etc., which are proving so popular with most of the old-line houses. Whenever it is necessary to sacrifice quality or artistic tone and appearance in order to "cut" price it is a wise buyer that investigates the piano question further. The magnitude of our forty retail stores and our 'little-profit-per-piano-plan' enables you to buy at any time a new, up-to-date, superior instrument for a great deal less than you are asked to pay by a great many houses for a second-hand or discontinued style.

LEARN BY COMPARISON--shop around at all the piano stores and look at the best to be had in player-pianos for \$700. Don't look at anything for less than \$700. When you have satisfied yourself concerning the best to be obtained for \$700, come here to our store and get a better player-piano, better in tone and durability and in the artistic rendering of your favorite selections for exactly \$457—a saving of \$243, and a superior instrument.

Our exchange library is an exclusive feature with Eilers. Open every evening until 10. Eilers Music House. 1448 San Pablo ave., next to new Kahn Bldg.

M'NAMARA AUTO STRUCK BY CAR

Machine Which Figured in the Recent Trouble Is Wrecked.

SAN FRANCISCO, Sept. 29.—The automobile which figured prominently in the alleged kidnapping of Mrs. M. J. McNamara, out of which grew numerous complications in the courts, including two damage suits against McNamara, a San Mateo capitalist, for \$25,000 each for false imprisonment by Fred Patterson, his chauffeur, and Mrs. Cora M. Perkins, Mrs. McNamara's nurse, was totally wrecked Sunday night at a late hour in this city.

The machine was purchased some time ago by J. Lee Richards, a buyer for Hale Brothers. A McAllister-street car struck the auto Sunday night, wrecking it and throwing Richards to the ground. The latter was taken to one of the hospitals with a fractured arm and numerous contusions.

When Mrs. Perkins, Patterson and McNamara went to New York in the car McNamara swore out kidnapping charges and caused all kinds of legal rumpus, which finally ended in a dismissal of the cases. On his way back from the Empire City with his wife he sold the car to Richards, who changed to be a passenger on the same train.

HEIRESS DENIES BEING ENGAGED

Society Puzzled by Officer's Announcement and Contradiction.

SAN DIEGO, Sept. 29.—Lieutenant Commander J. R. Freeman of the cruiser Pittsburg, now en route to San Francisco, announced his engagement to Miss Josephine Smith, niece of Mrs. Parker Sams of Coronado, before about 150 guests on the Pittsburg last Saturday evening.

The following afternoon Miss Smith denied her engagement to the young naval officer with as much, if not more, emphasis than that with which he had announced it.

"I have absolutely no intention of marrying Lieutenant Freeman," said Miss Smith yesterday. "He acted entirely upon his own initiative in announcing the engagement. The story is too long to tell."

ELABORATE PLANS FOR COMING FAIR

Women of St. Leo's Parish to Be Hostesses for Week.

The women of St. Leo's parish of Piedmont will give a fair and bazaar at Palm Court, Fortieth street and Piedmont avenue, beginning next Saturday evening and closing the following Saturday.

There will be six booths and many pretty and useful articles prepared by the women will be placed on sale, the money realized to be devoted to the church. There will be St. Joseph's, Sacred Heart, Young Ladies' Sodality, doll, mystery and grab-bag booths, and many of the women of the church will be in charge.

Among a few of the women who are taking an active part are the following: Mrs. H. G. White, president of the fair; Mrs. Hugh Hogan, Mrs. T. Ryan, Mrs. O. Bennett, Mrs. J. E. Crabb, Mrs. A. B. Champion, Mrs. W. J. Clarke, Mrs. B. W. Bennie, Mrs. L. J. Archer and many others.

Assisting the women in the arrangements is the general committee of men parishioners of the church, which is as follows:

Hubert J. Quinn, chairman; Leo J. McCarthy, secretary; Alex. Waters, F. C. Tracy, D. T. Crowley, Joseph Furuta and L. O. Howard.

DECK BOY WASHED OVERBOARD AND DROWNED

SEATTLE, Wash., Sept. 29.—Leslie Smith, 17-year-old deck boy on the steamer Victoria, which sailed from Seattle for Nome Thursday, was washed overboard by a wave and lost according to a message received from Captain John O'Brien, commander of the Victoria.

NOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "needless" glasses may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once. Go to any active drug store and get a bottle of Optima. Fill a two-ounce bottle with water and drop in one Optima tablet. With this harmless liquid solution bathe the eyes two to four times daily and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eye-strain, cataract, sore eyes, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this free prescription. Use this prescription filled and use it. You may no strengthen your eyes that glasses will not be necessary. Thousands who are blind or nearly so, or who think their glasses would never have helped them if they had cared for their eyes in this way. Save your eyes before it is too late. Do not become one of these victims of neglect. Eye-glasses are only crutches and every few years they are changed to fit the ever-increasing condition, so better see if you can throw away your glasses. Clear vision, the many others get clear vision.

ENCINA FLUME BREAKS; BIG ACREAGE IS DRY

LOS ANGELES, Sept. 29.—Seventy-seven thousand acres of land under cultivation on this side of the Mexican border in Imperial valley are without water as the result of the bursting of the 1000-foot Encina flume at a point where the flow from the Colorado river is carried across the New River canyon, in Mexican territory.

On receipt of this news Colonel W. H. Holburn, receiver for the California Development company, broke a few records in getting together material for immediate temporary repairs, loading and dispatching the cars.

He will leave for the scene to take charge of the work and hopes to have water again running in the west side main before any material damage is done.

TWO SMALL GIRLS ARE VICTIMS OF FLAMES

MADERA, Sept. 29.—Little Louise and Margaret Barbosa, infant children of Mr. and Mrs. U. Barbosa, were burned to death here yesterday when their home was destroyed while the wailing mother stood near by, helpless to aid her babies.

The blaze started while both Barbosa and his wife were away from the house and consumed all but the charred remains of the little victims. It is supposed to have started from sparks thrown out by the cook stove.

The season's supply of lumber of the Barbosa home was stored in the back of the house and was saved by the fire department and citizens efforts of the fire department and citizens efforts.

MRS. MANGES ESCAPES OPERATION

How She Was Saved From Surgeon's Knife by Lydia E. Pinkham's Vegetable Compound.

Mogadore, Ohio.—"The first two years I was married I suffered so much from female troubles and bearing down pains that I could not stand on my feet long enough to do my work. The doctor said I would have to undergo an operation, but my husband wanted me to try Lydia E. Pinkham's Vegetable Compound first. I took three bottles and it made me well and strong and I avoided a dreadful operation. I have been free from health troubles, and I cannot say too much about what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. LEE MANGES, R. F. D. 10, Mogadore, Ohio.

Why will women take chances with an operation or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ailments, and has stored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

STANFORD AWAITS BIG INSTALLATION

Dr. J. C. Branner to Assume Presidency of University Amid Celebration.

STANFORD UNIVERSITY, Sept. 29.—Arrangements for the installation of Dr. John Caspar Branner as the second president of Stanford University tomorrow were completed today by the university committee on public exercises. The date has officially been declared a holiday in all departments of the university.

The exercises marking the introduction of Dr. Branner into the presidential chair of Stanford will bring together for the first time since the founding of the university, 22 years ago the trustees' faculty, undergraduate body and the executive head. The attendance at the installation will be restricted to these. The installation celebration will also mark the twentieth anniversary of the founding of Stanford, when Chancellor David Starr Jordan was inaugurated as Stanford's first president.

The celebration tomorrow will start at 10:30 o'clock, a. m., with the marching of the entire student body of 1400 into the inner quadrangle, where temporary structures have been erected for the occasion. Hon. Horace Davis, former president of the University of California and at present a trustee of Stanford, will preside. Upon the speaker's platform with him will be Trustee Timothy Hopkins, President Branner, Vice-President John M. Sullivan, Editor C. K. Fields of the Sunset Magazine, the board of trustees of Stanford and Earl Roberts and Arthur Hahn, representing the undergraduate students. Trustee Timothy Hopkins will make the opening address. Dr. Branner will follow.

Y. M. C. A. TO THROW OPEN ADDED FLOORS

Within a few days the two upper floors of the Y. M. C. A. building, added to the structure at a cost of \$50,000 by Wallace Alexander, president of the organization, will be thrown open for occupancy. The two floors provide 150 dormitories and 40 already been engaged. A hospital room will be one of the features of the addition and a library and reading room will also be opened.

The Bible study classes of the association will open tonight and a teachers' training class will open Friday night. Athletic activities and a pennant contest are also being planned for the season and schedules will soon be announced.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Newborn Cuddles in No Corner.

A woman's heart responds to the sweetness of a pretty child, and more so today than ever before since the advent of Mother's Friend.

This is a wonderful external help to the mother in all cases of indigestion, flatulence, colic, etc. It penetrates the tissues, soothes the nerves, and readies the system for expansion, so there is no period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectation.

Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a sure preventive for caking of the breasts.

And particularly to young mothers is this famous remedy of inestimable value. It enables them to preserve their health and strength, and they remain pretty by having avoided all the suffering and danger that would otherwise accompany such an occasion.

You will find this splendid remedy on sale at all drug stores at \$1.00 a bottle. Write Bradfield Regulator Co., 234 Lamar Bldg., Atlanta, Ga., for their instructions to "Mother's Friend" mothers.

DESPAINES MAYOR'S POLICY UNPOPULAR

CITY GO, Sept. 29.—Mayor F. M. Lawson of the suburb of DesPlaines was "battered" by a crowd that surrounded his home Sunday night, Sept. 29, because of a recent article written by Lawson in a DesPlaines paper denouncing the use of a snuff box. Four of the six members of the crowd left the mayor's home and the mayor was forced to adjourn the meeting. The crowd outside prevented the mayor from leaving the building. Resolutions were adopted calling for a mass meeting of protest Saturday night.

THE TRIBUNE operates the largest job printing plant in Alameda County. Good work at reasonable figures. Phone Oakland 528.

TAFT BEGINS CAREER AS YALE PROFESSOR

NEW HAVEN, Conn., Sept. 29.—Professor William H. Taft began his career as a Yale professor yesterday by opening his lecture courses on constitutional law first before a class in the law school and afterward in the academic department. Both classes gave him a warm welcome. Professor Taft, who had just returned from his tour of duty in the Philippines, said to the academic men what his lectures would deal with during the term. It was in the nature of an explanatory address.

The work of finishing up the Whittaker House on Prospect street for Professor Taft and his family is being pushed forward and the Tafts will move to their new home within ten days. It was announced yesterday that Professor Taft will teach law in Boston University Law school as well as at Yale. His course in Boston will be on legal ethics.

Avoid the Bronchial Coughs of Early Fall. The changeable weather of early fall brings on bronchitis and a hard cough that in turning on the system and seems to tear open the bronchial tubes and mucous lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucous lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. Get the genuine in the yellow package, and refuse substitutes. Drug Department, Kahan's.

MILLIONAIRE IS VOLUNTEER PRISONER

To Test Mental Effect of Im-
prisonment and Help
Convict.

Eats Supper, Consisting of
Coffee and Bread; Sorts
Straws.

WHAT HE ATE.

At Auburn prison, Williamson

of bean soup, boiled ham, sweet and mixed pickles, boiled potatoes, coffee and bread.

WHAT HE MISSED.

Dinner at the palatial Osborne home yesterday consisted of cream of celery soup, baked lake fish, hollandaise potatoes, roast duckling, apple sauce, peas, Waldorf salad, ice cream and demitasse.

After announcing that he would make a personal test of the mental effect of imprisonment on a man with the hope of bettering the condition of convicts in general, Osborne entered the state prison yesterday.

Last night his supper was coffee and bread that was thrust through the bars to him. A few feet from where he is sleeping a door leads to the death house, where half a dozen men await execution.

LEADER OF REFORM.

Osborne is chairman of the New York State Prison Reform Commission. His determination to be locked up was reached after he had discussed the idea with the other members, among them being Dean G. W. Kirby, of Columbia University, Professor E. Stagg Whitin, Mary Garrett May, daughter of the late John May; Charles M. Hough and George W. Perkins.

Wm. Osborne, Harry Mitchell entered from Jefferson county to do two years for receiving stolen goods. The millionaire and the convict were locked in together. The two, their arms to their chests, marched to the dining-room in single file.

The dinner consisted of bean soup, boiled ham, sweet and mixed pickles, boiled potatoes, coffee and bread.

Dinner at the palatial Osborne home yesterday consisted of cream of celery soup, baked lake fish, hollandaise potatoes, roast duckling, apple sauce, peas, Waldorf salad, ice cream and demitasse.

WITH "IDLE GANG."

Mitchell and the millionaire went into the "idle gang," the one for men just admitted, for whom no permanent place has been found. Their first job was moving furniture from one shop to another. From 1 to 5 yesterday afternoon they sat on a bench sorting straw for brooms and cane for baskets.

Thomas Brown and Mitchell worked with equal speed and diligence. The prison is run on the silence system and no word was spoken save the orders of the guard in charge.

TO HONOR RISE
OF NEW REPUBLIC

Local Portuguese Will Hold
Elaborate Exercises Next
Sunday.

The Portuguese of Oakland and the bay cities next Sunday evening, October 5, will celebrate the third anniversary of Portugal's republic, under the immediate direction of Council General No. 25, of U. P. E. C. at the Macdonough theatre.

An elaborate program has been prepared for the occasion, and a large gathering is expected in respect to the mother country.

Prominent people of the Portuguese colony, including the presidents of the Portuguese societies of this state, will attend to enjoy the evening's program, which commences promptly at 8:15 p. m. The Uniform U. P. E. C. band will be heard. The program follows:

The band will open with the Portuguese National Hymn, saluting His Excellency, Simao Lopes da Silva Ferreira, Consul of Portugal, for the State of California.

Oration by His Excellency, the Consul, preceded by the National Hymn of Portugal, sung by Miss Annie Phillips, accompanied by Professor Mrs. Adelaide B. S. Encarnacao and a chorus of young ladies.

Overture, "Martha's" opera (Plotow), by the band; "Rigoletto" duet by Prof. R. Pamplona and Master Joseph Azevedo; address, "The Portuguese Republic," by Attorney Louis Gonsalves of Oakland; "Temporary Deafness," Portuguese comedy, in one act; "Il Trovatore" (Verdi), by Prof. R. Pamplona 1915 March (Gallier), by Professor Gallier of the Royal Italian band; "The Powerful Cowards," Portuguese comedy in one act; selection by the band; "God Remembers When the World Forgets," by Miss Annie Phillips, recently from Lombard Opera Co., accompanied by Prof. Mrs. Adelaide B. S. Encarnacao, with the band of the Portuguese comedy in one act.

All the comedies will be staged and interpreted by A. G. Monteiro, A. L. Mariano, Frank J. Matthews, F. E. Pinheiro, A. Raulino, Miss Josephina Pimentel and Mrs. Laura Lewis.

PREDICTS DEATH; KILLED.

CHICO, Sept. 30.—Within ten minutes after he had predicted that some day he would be killed under the wheels, J. F. Bender, brakeman on the "Seawall" lumber company's Butte county, yesterday. How the accident occurred no one knows.

CANNOT RETURN TO ZONE.
WASHINGTON, Sept. 30.—An executive order just issued provides for the punishment by imprisonment of from six months to two years of persons who return to the canal zone after they have served a sentence of imprisonment and have been deported.

LATEST NEWS FROM CITY OF RICHMOND

CITY AND COUNTY TO CO-OPERATE

Will Jointly Pave San Pablo
Avenue to San Pablo
Limits.

RICHMOND, Sept. 30.—Superior Warren H. McBride was given an ovation at the meeting at the city council last evening when he appeared to ask the city to co-operate with the county in the

avenue. "It is so unusual for the county board to offer to work with the city in matters which concern both that I must express my hearty appreciation," said Councilman Follett. The other members of the board were of like opinion and the popular county official, who is more than making good in his new position, was given a hearty hand by the big crowd present at the council meeting last night.

San Pablo avenue from the county line to San Pablo limits, part of it being within Richmond's boundaries and part without. The road is to be paved with asphalt.

The county will do the work from Stage Junction to the crossing of the Santa Fe railroad. The city will pave its portion of the avenue and the county will also improve it from the northern limits of the city to connect with the oil macadam road at San Pablo.

NEW HOTEL BUILDING.
English & Hager filed a petition with the city council for a permit for a liquor license for a new three-story hotel building, which they propose to erect and conduct at the southwest corner of Sixth street and Macdonough avenue. The petition went to the license committee for a report on next Monday evening.

Accompanying the petition were plans drawn by architect Smith of Oakland for the fifty-four room brick structure.

The five years' lease on the present city hall building on Washington avenue expires tomorrow and at the meeting of the council last evening the John Nichol Company, owner of the building, sent a request for a conference to arrange terms for a new lease, which will be taken up by the council as the municipality is not ready to erect its own building.

Mayor Ludwig named a committee, composed of Councilman E. J. Garrard, City Attorney J. H. Clark, A. C. Paris, to treat with Nichol.

TO PAVE 17TH STREET.
Bids for the paving of Seventeenth street, from Market to the city limits, were opened and referred to the city attorney for consideration. The bids were: L. L. Page, \$7583.10; John Ward, \$7325.75; G. H. Wishing, \$7525.02; J. W. Galbreath, \$7523.02. Oil macadam will be laid on the street.

In answer to a request from property owners on Sixth street, from Ohio to City Hall, the city council voted to consider their previous actions relative to paving that section of the street with bituminous and ordered oil macadam on the recommendation of the street committee which interviewed property owners on their desires in the project.

The Hutchinson Company presented a petition for a private contract to build a new building at the corner of A and C streets, between Barrett and Nevins avenues. The petition was signed by 8 per cent of the property owners. Mr. Hutchinson, who had signed the contract, objected to the private contract. Mayor Ludwig, Councilman Lane, Picton, Willis and Follett spoke against letting the contract without a public bid. The council voted unanimously to deny the petition and the work will be done by public contract. Bids will be opened on October 13.

TO ATTEND LEAGUE.
The city will pay the expenses of all heads of departments and of councilmen who wish to attend the annual convention of the League of California Municipalities which meets next week at Venice, near Los Angeles.

WOMAN'S CLUB TO
ERECT CLUBHOUSE.
RICHMOND, Sept. 30.—The members of the Richmond Club are greatly interested in the prospective plans for the new clubhouse which that organization plans to complete in the near future, on its property on Nevins avenue, near Ninth street. The plans, which have been drawn by City Architect Osborn, were submitted to the club at its meeting yesterday afternoon, in the library rooms and were considered and a decision reached as to the location of the new clubhouse. A large number of women were in attendance. Other matters of a civic nature were discussed and plans talked over for the large annual meeting of the club, which has its lots held for now and a good start on the building fund.

CONTRA COSTA SQUIRREL
SLAUGHTER IS HEAVY.
RICHMOND, Sept. 30.—The last few days have been busy ones in squirrel killing by means of poisoned grain, from San Pablo to Rhine. Federal forces and farmers co-operated.

Mayor Cured;
Skin Cleared
By D. D. D.

Mayor Chapman of Ellis, Kansas, who recently says he will answer any letters written him relative to his terrible skin trouble with the D. D. D. Prescription.

Mayor Chapman writes: "I think how I suffered last winter, how I could do no work. I was covered with terrible blotches, sometimes weeping, sometimes itching. I was miserable."

ITCHING. It was only accidentally that I found the famous specific D. D. D. I wrote this in all gratitude for what D. D. D. has done for me. Results from the use of D. D. D. are immediate. The skin is soft, cool and the itch is gone!

Pimples, rashes, dandruff, disappear over night. Hard crusts and scales, raw scorching sores, salt rheum, itching, all of skin disease resist.

All druggists have this famous specific on hand.

If you will come to us we will sell you the first bottle on the guarantee that it will reach your case or your money back.

Ask also about D. D. D. Skin Soap, best for tender skin.

The Owl Drug Co., 13th and Broadway, 10th and Washington, 15th and San Pablo ave.

BOLD BURGLAR LOOTS A HOTEL

Thief Who Has Entered Many
Richmond Residences
Rifles Rooms.

RICHMOND, Sept. 30.—While the occupants of the Fairview Hotel were sleeping soundly Sunday night a daring burglar entered the hotel and rifled every

other jewelry and from \$50 to \$100 in money. W. M. Hill, proprietor of the hotel, was informed by the lodgers and at once reported the theft to the police, but the latter kept the burglary as quiet as they could until last evening, in hopes of obtaining clues. It was at first thought that the loot secured by the burglar would reach a thousand dollars, but the lodgers, having now taken an inventory of their valuables, find that the amount is less.

The police are of the opinion that the number of burglaries perpetrated in this city during the past month have been pulled off by the Fairview burglar, who has gained considerable notoriety lately. Yesterday George Wilson, a local painter, was arrested on suspicion by the police and closely questioned at police headquarters as to his recent actions. The police thought for a time that in Wilson they had the right party, but this proved erroneous, as evidence of the man's guilt was not sufficient to hold him and he was accordingly released.

The list of robberies here during the past month is as follows: September 13, Stege postoffice entered and large number of registered letters, stamps and mail matter taken; September 18, homes of Mrs. Norton and Mrs. C. G. Copeland entered and valuables to the amount of \$100 taken; September 22, home of G. Piety entered and burglar frightened away by screams of the daughter who he threatened to kill; September 23, George Roche, while returning home from a lodge meeting was held up; September 29, Fairview Hotel robbed of valuables and money belonging to lodgers.

The police, in their endeavors to secure some clue which might lead to the capture of these daring thieves, or thief, have not lost sight of the fact that in the vicinity of a number of the places which had been robbed, hence his arrest. He stoutly denied knowing anything of the robberies, and the evidence against him did not justify his detention.

Every suspicious character being closely watched.

FOUR GREEKS COST U. S. PRETTY PENNY

Current Duty Cut Because of
Supposedly Large Alien
Population.

WASHINGTON, Sept. 30.—Four Greek votes in Nevada have cost the government \$200,000 a year in revenue and the California raisin growers an advantage of half a cent a pound over the importers of Zante currants.

The House tariff bill fixed the duty on Zante currants at 2 cents a pound. The Senate cut it to 1 cent, and the controversy went to conference. Then entered the Nevada Greeks.

Some of the Senators Key Pittman, of Nevada, that there was a big Greek vote in his state. The same tale was whispered to Senator Salisbury of New Jersey. Intent upon preserving the right to their Greek constituents to eat raisins grown in their own country, Senators Pittman and Salisbury pleaded with the tariff conference to keep down the duty on Zante raisins.

A compromise of one cent and a half was reached. The House and the Senate of Fresno and Baker of Modesto started an investigation. The records of the department of labor disclosed that since 1906 to the present time there have been but four Greek voters in the whole state of Nevada.

Senator Pittman was confronted with this information from the records, and instantly wavered in his adherence to Greece and wrote a letter to the President withdrawing his objections to the Zante current duty.

It was too late, however, as the conference refused to reopen the question. So the four Nevada Greeks have cost the government \$30,000 a year each.

MRS. KREDS DIES OF
SELF-INFLICTED WOUND

MARTINEZ, Sept. 30.—Death delayed for a time by science, yesterday, found Mrs. Lucinda Kreds, who on September 19 shot her husband, Aloysius Kreds, as he lay asleep in their home here, and then turned the weapon on herself. Her husband still is alive, but in a most critical condition. He has not been informed of his wife's demise.

The end came at an early hour this morning at the County Hospital, where the woman had been kept since the tragedy of last Friday a week. The shooting followed a wild quarrel over a divorce suit recently filed by Kreds against his wife. She came from her home in San Francisco at 164 O'Farrell street, to beg that he withdraw the suit.

The funeral will take place here next Wednesday afternoon. There is one child surviving, a son named Earl, aged 15. He had been living with his mother in San Francisco.

DON'T BE MISLED

Oakland Citizens Should Read
and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried. Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

The following statement forms convincing proof.

Mrs. J. E. Wilson, 2032 Cedar street, Berkeley, Cal., says: "My opinion of Doan's Kidney Pills, as was publicly expressed over two years ago, remains unchanged. I know that they are a valuable remedy and I do not hesitate to recommend them at any time. From experience I have never failed to bring prompt and thorough relief from backache and other kidney disorders. I was subject to attacks of kidney complaint for a long time and was caused much suffering and annoyance. Doan's Kidney Pills acted so satisfactorily that I was given confidence in them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

IDORA SHOW'S LAUGH SUCCESS

"Mr. Young of Utah" Proves
a Clever Bit of
Comedy.

You may recognize an old friend in "Mr. Young of Utah." With every body smiling and producing a variety of gags every minute of the play there's never a chance for gloom to glimmer.

There are several yards of smiles in the Idora chorus, the which cover a multitude of faces for the time they have been spread throughout the audience. Smiles are valuable assets to a musical comedy chorus; Idora's fair line-up is wealthy.

Incidentally, it possesses beauty, skill and grace of line. Well-costumed are the members in Pulchritude, Inc. In fact, park's beauty ensemble.

There never was a sunnier production than "Mr. Young of Utah." With everybody smiling and producing a variety of gags every minute of the play there's never a chance for gloom to glimmer.

Whatever else you may think of an Idora Park production, tell us not, in mournful numbers, that it lacks sunshine. Ananias himself couldn't do it and hold up his head.

George Fisher and Alvin Kingston carry the leads without any evidence of a burden. They're a light and airy couple and well adapted to leading farces. That need come trippingly from the tongue. Jack Pollard's servant girl is the "scream" of the evening—all farces must have a "scream" that they may be well-regulated and according to tradition.

Alice McComb, Vary Alwyn, Guy Woodward and Lawrence Bowers aid mightily in making a successful production of "Mr. Young of Utah."

Forced in New Orleans Called 'Symphony in Green'

Major Clarence Murphy
Has Divorce in Own
History

NEW ORLEANS, Sept. 20.—Major Clarence Murphy, who went from Spain to San Francisco to appear as a witness for Mrs. Beattie Merriam, in her divorce suit, was divorced in New Orleans, according to local court records just dug up. Friends here generally did not know of his divorce. Before the war, when he came up or "The Grindin' of the Cane" was set to music, Major Murphy had been known in New Orleans chiefly as a sartorial symphony in green, due to the general color scheme of the clothes he wore.

When he came usually predominate his feet to the top of his hat. Colonel Murphy's essay into the realm of domesticity occurred in Hamilton county, Ohio, in December, 1898, when he married Miss Grace Jordan of that place. The couple lived together until about 1907, when Mrs. Murphy alleged mistreatment at the hands of the Colonel, left him and went to live with her family in Minneapolis, where she still resides.

Murphy was granted a separation from his wife by Justice Ives in New Orleans, April 19, 1909. He afterward was granted a complete divorce April 4, 1911, by the same judge. Mrs. Murphy did not contest the suit, but asked the court to permit her to resume her maiden name, Grace Jordan, as she no longer cared to bear the name of Murphy. This was granted.

Desperate Convict Breaks From Prison

MOUNDSVILLE, W. Va., Sept. 20.—After hiding about the state prison here since Saturday night, Alexander Childs, serving a 10-year sentence, made his escape from the prison today by sliding down a rope from a roof 80 feet from the ground. Childs was known as a desperate prisoner.

Thompson Again Asks About S. P. Oil Lands

WASHINGTON, Sept. 20.—Representative Thompson today reintroduced his resolution calling on the department of justice for information in relation to the alleged illegal retention and development of oil lands in California by the Southern Pacific Company. A previous resolution, Mr. Thompson said, had been pigeonholed by the judiciary committee. The one he introduced today is in privilege form and he expects to call it up in the House within a few days.

MARRIED NINE MONTHS; SUES FOR DIVORCE

CHICO, Sept. 20.—After nine months of married life, Mrs. Leila Annard Dyer of this city, prominent business and society woman, filed suit against H. A. Dyer, the most prominent business man and property owner of Chico City, on grounds of cruelty. Dyer will contest the case. Both are wealthy and have been married before.

PRIMARY ELECTION DRAWS BIG VOTE

San Francisco Municipal Vacancies to Be Filled for Four Years.

SAN FRANCISCO, Sept. 20.—Although a steady vote is being polled, today's municipal primary election is characterized by much quietness. The possible vacancies are in the minor city offices and half of the posts of county supervisor. Two years ago the principal offices of the municipality were filled for four years, including those of the mayor, the coroner, the county clerk, the sheriff, the district attorney and nine of the 18 supervisors. Previous to that time the officers had all been for two-year terms and it was desired to have an election every two years, so that of the candidates were elected for that period with the understanding that at this time the term should be four years.

GETS REFUND ON TIMBER SALES

State Receives Big Sum From the Federal Government.

SACRAMENTO, Sept. 20.—California received yesterday from the federal government \$74,541.55, representing a refund of 25 per cent on money received from the sale of timber land in the national forest reserves of the state for the year ending June 30, 1913. Under the law this money is apportioned among the counties in the various forest reserves on the basis of the proportionate acreage in each county. This apportionment is made by the state controller and surveyor-general. The government's payment to the state is made on the amount of land sold in each forest reserve.

THREE BIG BUILDINGS FAIL TO HOLD CROWDS

SAN FRANCISCO, Sept. 20.—Activity at the Mechanics' Fair is increasing every day and the crowds in attendance grow until the three buildings, Dreamland, the Pavilion and the National Theater, are not large enough to contain the throngs that find their way to the fair every evening.

TO CELEBRATE START OF WAR IN BALKANS

The first anniversary of the firing of the opening gun in the Balkan-Turkish war will be celebrated by the Slavic people in the most elaborate manner at Native Sons' hall on October 7. On that day one year ago Prince Mirko of Montenegro, who charged the first cannon which started the war against the Turks. Under the auspices of the Serbian Club, the greatest celebration ever held by the united Slavic people will be given in honor of the volunteers who have returned from the war. A ball, entertainment consisting of orchestra numbers, patriotic songs, historic plays, dancing in the

DETERMINES BASIS FOR NAVAL WAGES

Secretary of Labor to Ascertain Pay Civil Establishments First.

WASHINGTON, Sept. 20.—Secretary Daniels has abandoned the idea of giving navy yard employees representation on the various wage boards. He announced today that he in order to determine a more equitable basis on which to figure navy yard wages, he will ask the secretary of labor to ascertain the wages paid by civil establishments in the vicinity of the various yards for work similar to that done in the yards.

Special Session to Settle Prohibition Fight

NASHVILLE, Tenn., Sept. 20.—Governor Hooper today called a second extraordinary session of the Tennessee Legislature on October 13 to consider prohibition law enforcement bills. In his proclamation he said: "The question which now confronts the people is whether the laws of the state be enforced in the city as well as in the country, or shall the outlawed saloons corruptly dominate not only the cities but the Legislature and the entire state?"

RECEPTION TO PASTOR BRICE AND WIFE

The congregation of the Golden Gate Methodist church will give a reception this evening to the pastor, the Rev. George A. Brice, and his wife. The church, Fifty-first and Park streets. A program of music and addresses has been arranged and refreshments will be served. Rev. Brice was admitted into the ranks of the regular ministry at the recent session of the Methodist conference at Pacific Grove, and is now serving his second year at the Golden Gate church.

BALL PLAYER'S BROTHER DIES FOLLOWING FIGHT

TOLEDO, O., Sept. 20.—Cornelius Bresnahan, brother of Roger Bresnahan of the Chicago baseball club, died this morning as the result of a fracture of the skull sustained in a quarrel in a saloon last night. The fight was over a violin. Charles Nadojny of Toledo has been arrested and charged with the assault on Bresnahan.

COURT OF APPEALS TO RULE ON LAND CASES

DENVER, Sept. 20.—The United States Court of Appeals for the Eighth District will ask the United States Supreme Court for a ruling on the question of the right of a President of the United States to withdraw public lands from entry. This announcement was made today by Presiding Judge William C. Hook. This request is made in the Midwest Oil Company case.

THE TRIBUNE operates the largest Job Printing plant in Alameda County.

Good work at reasonable figures. Phone Oakland 222.

STRUGGLES IN DARK WITH BURGLAR

Policeman Gives Chase Over Roof Tops and Down 30-Foot Chimney.

Beats Desperado Into Submission With Blackjack After Being Wounded.

PHILADELPHIA, Sept. 30.—A desperate struggle between an alleged burglar and a policeman resulted in the latter's victory.

The policeman, who was on duty at the southern end of the city, gave chase over roof tops and down a chimney. The supposed burglar was finally beaten into submission with a blackjack, but not until after the policeman had been badly cut about the hands and arms with a knife. Residents of the neighborhood had telephoned to the police station that they heard footsteps on the roof and policeman Lyford was sent to investigate. Climbing to the roof, he saw a negro attempting to break open a trapdoor on a nearby house. The negro started to run across the tops of the houses and when the policeman shot at him he plunged down an open chimney. Lyford went after him, both men falling through an open fireplace, 30 feet below. Covered with soot, the men lay over the floor, each trying to gain the mastery. Lyford drew a blackjack and the negro a knife. After the negro had been arrested a bag containing a large quantity of silverware was discovered on the roof.

NEW VAUDEVILLE THEATER FOR S. F.

LOS ANGELES, Sept. 30.—A new theater for San Francisco, seating 4000 people and devoted to 10-cent vaudeville of the highest order, is assured.

Behind the project are S. Morton Cohn, multi-millionaire of Los Angeles; Charles S. Brown, Irving C. Ackerman and Sam Harris, all of whom are directors of the new Hippodrome Theater of Los Angeles.

DR. ANGELL RECOVERING FROM PARALYSIS STROKE

Parcel Post is a Blessing to City Poor, Says Mother

WASHINGTON, Sept. 30.—The value of the parcel post as a preserver of home ties was revealed today to Postmaster General Burleson in a letter which he received from a grateful mother in Ohio, who wrote to thank him for what she called "this blessing." She says that through it she is able "to send packages from the home garden to the children who have gone to the city to make their living. It helps them when living is so high and keeps them in close touch with the home nest."

COWBOYS SEEKING FOR WILD HORSES

Bronchos and Bulls Needed for Big Rodeo at Emeryville.

A hundred cowboys are today combing the hills to find wild horses and steers for the great Rodeo which is to be held at the Emeryville race track from October 4 to October 12, inclusive.

The famous herd of cowboys and bronchos, numbering nearly two hundred, which will be put on the great wild west spectacle, will be made up of about fifty wild horses for the nine days. These horses are to be roped, saddled and broken in front of the grandstand.

In addition more than two score of steers will be mounted bareback by the "Punchers" and subdued by the "Bulldozers," a favorite sport of the cowboys while on the range, is to be one of the sixteen features scheduled for each day.

In "bulldozing" a steer, the cowboy rides his horse alongside of a wild steer, dismounts from the pony while on the run and throws the steer on the ground by grasping the foreleg and one horn. This is one of the most dangerous sports known to the cowboy life. A slip may mean that the daring rider will be gored in full view of the spectators. The rider is always protected by his fellow workers, some of whom are alongside with ropes and others with revolvers prepared to kill the wild animal in case the cowboy attempting the "bulldozing" is threatened with death.

The horses which the boys will ride are the worst outliers which can be found.

"Our show is not a wild west performance," said "Rodeo Boss" Frank J. Gifford today. "It is simply an opportunity for the nation's sons and daughters to see the hardships through which their fathers suffered in the early days of California. We are not making a tour, but we do make a show of the things which our fathers have attempted to father the greatest crowd of riders that can be found and will show to the patrons the way the cowboy works and how he amuses himself. Our girls will be real sensations."

CALIFORNIANS READY FOR POMERENE FIGHT

WASHINGTON, Sept. 30.—Ohio and Missouri congressmen caucused yesterday to decide what action regarding the defeated Pomerene amendment they shall take when the tariff is taken up by the House today.

It was reported that congressmen from the white farmers' states are preparing to precipitate a big row when the tariff bill is taken up because the Pomerene amendment was thrown into the discard by the tariff conferees.

California congressmen are prepared for this and if the white farmers' representatives say anything about the Pomerene amendment in the House the California congressmen will attack them in vitriolic speeches.

REMOVAL NOTICE!

F. W. LAUFER, Optician
has removed to 487 Fourteenth St., between Broadway and Washington.

N. G. C. COMPANIES TO REMAIN HERE

Headquarters Secured on This Side of Bay for the Guardsmen.

Suitable headquarters having been secured in this city, the proposed removal of the two Oakland companies of the Fifth Regiment of Infantry and Battery B, Field Artillery, to quarters in San Francisco has been decided. Since the subject was first broached for the transfer of officers and men of the local bodies have been scouting diligently in an effort to find a suitable location. Colonel J. A. Smith and Major Louis F. Smith of the Fifth Infantry have been especially active and have secured a site on Twenty-fourth street, near Telegraph avenue. An armory 100 feet in width and 140 feet in length will be erected. It will accommodate Companies A and F, Fifth Infantry; Battery B, Field Artillery, and Headquarters of the regiment.

The National Guard officers are advocating the establishment of a mounted state constabulary force modeled after that of Pennsylvania," said Major Francis. "This will enable the militia to strike duty and will enable it to recruit from among the labor men, the best element we can secure, which we have been unable to get on account of the guards serving in barracks."

BANK CLERK IS HELD FOR FORGERY

Draws Check on Depositors' Funds to Cover Stock Speculations.

BALTIMORE, Md., Sept. 30.—In a signed confession obtained by the state's attorney last night, Thomas V. Warthen, 32 years old, superintending balancing clerk of the National Exchange Bank of Baltimore, admitted the forgery of a check for \$3500, to which he had signed the name of Sister B. Orndorff, treasurer of a Catholic girls' seminary at Emmesburg, Md. Warthen said he lost all of this money in stock speculation. The forged check took place April 25 and was not discovered until recently when Sister Orndorff drew a check for \$5000 and was notified there was not sufficient money on deposit to cover it. Warthen concealed his operations through a Wall Street brokerage firm by maintaining a supposed agency at Wilmington, Del., of a Philadelphia neekie firm under the fictitious name of C. O. and Co. He has been employed by the bank six months.

CHINESE AVIATOR TO FLY BETWEEN ISLANDS

HONOLULU, Sept. 30.—Tom Gunn, the world's leading Chinese aviator, who came here several months ago from his home in San Francisco, is now planning some long range long-distance navigation around the different islands. Tom is constructing at the present time a three-passenger, hydro-aeroplane with which he contemplates interisland travel.

His Hawaiian present is the destination planned by the daring Chinese, and his expenses and the guarantee he asks for the trip will be guaranteed by his countrymen, who are very plentiful in Hawaii. Tom might start at Schofield Barracks immediately upon his arrival here and thereby endear himself in the hearts of the Chinese, who are of many opinions as to his being a real aviator.

Tom expects to have his new machine completed within the next two or three weeks, and following a series of trial flights locally will attempt the cross-ocean journey.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy." This avoids a lot of fuss.

While wisest gray, faded hair is not sinful, no girl desires to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

SEEK BANDITS' BURIED GOLD

Three Sets of Excavations for Treasure Have Been Found.

SAN MATEO, Sept. 30.—Investigating parties which have been searching for treasure supposed to be buried in the hills behind Senator W. A. Clark's Hillsborough estate, for which a lone man has been digging nightly, discovered a third set of excavations yesterday. The trees in the vicinity were marked and the parties dug in exactly the same manner as the other diggings.

The excavations found yesterday are at the corner of a country road and county poor farm, and are exactly on a line with the ones found on the back part of the Clark estate and on the Spring Valley property near the old coal mine, half a mile from the former and a mile from the latter.

The aged oak trees bear the letters "B" and "C" which have been found in the soil mine, this was made several years ago and grass has grown over the dirt that was thrown up.

It is believed that the trees were marked by the bandit who stole \$10,000 worth of gold bullion from a San Francisco bank rather than by S. Moore, who buried \$20,000, others contend the treasure that is supposed to be beneath these trees was placed there by pirates who landed at Halfmoon bay and followed the old mountain trail.

It is known by old time settlers in San Mateo county that the bank robber fled to Mexico. When he confessed to a priest there he drew maps which described the trees and a lot of rocks which are found near the coal mine as the place where he buried the eight gold bars. S. Moore said, "I was marked with an X. The confession and maps were sent to the bank officials, who employed detectives to look for these trees. Later three Spaniards came to San Mateo and struck out into the mountains after him, some Chinese in gold which they had hidden there. They said that they had maps which would lead to the buried treasure, but they have never been seen since."

OFFICER'S BRIDE BACK WITH HUSBAND'S BODY

SAN FRANCISCO, Sept. 30.—With her honeymoon scarcely over, Mrs. Owen St. Aubin Botsford arrived here Sunday from Shanghai with the remains of her husband, Lieutenant Botsford of the United States navy, who was stricken with dysentery seven days ago on the Yangtze river, while on duty in the Yangtze river off Wusung and Hankow. Lieutenant Botsford was then commander of the Quicks, which was ordered on the Yangtze on account of the revolutionary troubles and to guard the interests of American citizens in the troublesome districts.

Mrs. Botsford, who is at the St. Francis Hotel, said her husband will take the body of her late husband to Detroit, where a second funeral service will be held at the residence of his parents, Mr. and Mrs. F. P. Botsford. Later the remains will be interred, according to the dead officer's wish, in the naval cemetery at Annapolis, Md.

The funeral ceremonies for Lieutenant Botsford in Shanghai were the largest and most notable ever accorded a naval officer of his rank.

Lieutenant Botsford was appointed to the Naval Academy from Michigan in 1904 and graduated in 1908. He went to the Far East on the cruiser "Colorado" nearly two years ago, was shortly afterward transferred to the Quicks and had been in Chinese waters most of the time.

Shortly before he sailed from this port he was married quietly in the Cathedral of San Diego to Miss Betty Colquhoun, daughter of Mr. R. C. Calkins, an official of the New York Central railroad company. During their romantic courtship, during their sojourn in Shanghai Lieutenant and Mrs. Botsford became popular in the local social set.

LORD MURRAY SAID TO HAVE BOUGHT STOCK

LONDON, Sept. 30.—An article published in the National Review charges that while the ministers were engaged in settling the coal strike in 1912 Lord Murray of Elibank, then chief wharf of the Liberal party, was investing more than \$100,000 in a home loan, at 5 per cent, which were likely to be affected materially by the negotiations.

L. J. Mearns, the writer of the article, declares that when the whole story is told, it will be found that the criminal law has not been set in motion.

BLUE BELL CLUB TO GIVE SECOND DANCE

The members of the Blue Bell Club of Oakland are arranging for the second informal dancing party of the season, Friday evening, October 10.

A large number of invitations have been issued and the club members are spreading them among their numerous friends on both sides of the bay.

Adenoids are a Menace to Children. Babies and young children must be carefully watched for the growth of adenoid life of a child. They usually result from a succession of colds and throat infections, and their presence is an indication of a weak constitution. They have an annoying physician to detect them. The conditions that cause them may be easily removed by careful parents. Quick and thorough cure all colds and throat irritations by the use of Foley's Honey and Tar Compound and Adenoids will not develop. Drug Department, Kabin.

MANUEL AND HIS BRIDE PROSTRATED

Trouble Between Two Cause Them Severe Reaction.

BERLIN, Sept. 30.—Former King Manuel of Portugal and his bride of less than a month are on the verge of separation, say Munich advisers.

The cause is not given, although numerous rumors, more or less scandalous, have been in circulation since the Princess Augusta Victoria was taken ill on her honeymoon and compelled to enter a Munich hospital for treatment.

The princess slowly is recovering and is expected to be sufficiently improved to leave the hospital the middle of October and go to the home of her father, Prince William, at Sigmaringen. Manuel will accompany her, returning later to Richmond.

Manuel made a public appearance in a box at Caruso's performance at the Munich Court Theater last night in company with the queen regent of Bavaria and the Queen of Naples.

'BUSINESS ROADS' NEEDED, CLAIM

Congressman Declares "Touring" Highways Do Not Help People.

DETROIT, Sept. 30.—Urging support of "business roads" as opposed to so-called "touring roads," Representative Dorsey W. Shackelford, chairman of the House Committee on roads, in an address before the American Road Congress here today, admitted he was "not in harmony with the dominant spirit" of the congress.

He urged support for the "business roads" class, which, he said, aimed for "cheaper transportation and lower cost of living."

"The 'touring roads' class," declared Representative Shackelford, "demands that the United States shall limit its road activities to the construction and maintenance of a few 'ocean to ocean' and 'across country' highways of great perfection and they leave the rest of the people to build their own roads, or do without, as they choose. The 'business roads' class believe that in dealing with roads we must keep in mind easy communication between the farms and the towns and the railway stations so the farmer may market his crops at less expense and the town dealer may get farm products more easily and at less cost."

Excursion Rates to Watsonville.

Round trip tickets are now on sale for October 1st to 12th, inclusive, to the Watsonville Apple Show at one fare and one-third for the round trip.

See Southern Pacific Agents for additional information.

Taft & Penney Company

THE SHOPPING CENTER OF OAKLAND

A Sample Line of Coats

\$19.75, \$24.75, \$29.50

The advantages of buying a Coat from a sample line are that no one else will have one just like it; and the Coat will be unusually good for the price. At least, this is true of the sample line we have just received, which is remarkably strong in value and marked at a decided price inducement. A variety of models and materials are offered in each price.

Matelasse, striped boucle cloth with a slightly bloused front and belt, wide waist in taupe with fur collar, are a few of the styles at **\$19.75**.

Boncle cloth with velvet trim, rough mixtures with leather collar, and some beautiful velvet coats are some of the **\$24.75** coats.

At **\$29.50** we have a fine mahogany duvetynne trimmed with black velvet; a rich and fashionable Coat; a pretty red broadcloth with martin collar and an extremely attractive broadcloth with Civet collar and cuffs.

A FEW HANDSOME MODELS AT **\$35.00**

Stylish Hand-Playing Cards

Bags \$2.50 10c

We are offering a lot of new novelty shape Bags in Morocco and seal grain leather lined, novelty handles. Gilt, gunmetal and nickel frames, new round corners. Colors: Brown, tan, navy and black. A splendid value at **\$2.50**

Fine Linen Bristol Cards of the best grade used. The latest air-cushion finish which gives a perfect slip and deal. A large distinct index. Taft & Penney Company design. An opportunity to obtain a good supply for the season's card parties. The pack **10c**

TOLSTOY'S LETTERS TO HIS WIFE PUBLISHED
ST. PETERSBURG, Sept. 30.—The widow of the late Count Tolstoy, the famous novelist, has published 656 of her late husband's letters to her. She says in the preface that it is her desire to give all who cherish her husband's memory access to what was dearest to him in life. Nine letters are withheld, three because they concern living persons and the last six he wrote because the countess thinks that the time for their publication has not yet arrived.

The whole correspondence seems to establish beyond question that the late count had a tender affection for his wife to the end of his life.

The letters begin with the proposal of marriage and cover the period of betrothal of the count and countess and many years of their wedded life. They were rarely apart, but the count seems to have written to his wife no matter how brief the time of their separation, even sending her notes while he was attending bees some miles from their home.

Telephone Directory of the United States
America Leads the World

THE average American wants quick action, and the telephone gives it to him. Today America is the largest user of the telephone of all the nations of the earth.

It's less than forty years since Professor Bell brought out his speaking telephone, and today there are 12,000,000 telephones in the world, of which over 8,000,000 are in the United States.

Of the 22,000,000,000 telephone talks that in one year pass over the wires of the world's telephone system, 14,500,000,000 are within Uncle Sam's domain.

America's wonderful telephone development is due to superior equipment and methods and to the big idea—that the public is best served by an Universal system in which each Bell Telephone is the center of a talking circle, limited only by the distance to which speech can be transmitted.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

BANDIT TELLS POLICE OF PLOT

Becomes Conscience Stricken
and Unfolds Plan of Train
Robbery.

L. & N. Flyer to Have Been
Held Up Near New
Orleans.

NEW ORLEANS, Sept. 29.—The hold-

the south was prevented last night when one of the would-be bandits became conscience stricken and unfolded the plans to New Orleans authorities, according to information given out by the police.

The plan, it is said, was to hold up the fast New York-New Orleans Louisville & Nashville train between here and Bay St. Louis last night just before it arrived in New Orleans, where it was due at 8:30 o'clock.

TELLS POLICE OF PLANS.

According to the story of the police, Clarence E. Boatwright, a member of the "L. & N. Flyer" gang, who was in the quarters yesterday and told them of the plan. They say he told them Alfred E. Oliver, formerly of New Orleans, had planned the robbery. Boatwright intended to go east on another train yesterday, leaving it at Bogalusa. They say Boatwright told them that they had intended to cover the engagement with revolvers, cut off the mail and express cars and dynamite the safes.

The police watched the place where Oliver had been lodging, and about midnight he was arrested in his room.

Later the police said Oliver had confessed and told them investigation of Boatwright's record would show he had been connected with other train hold-ups. The police expect to make another arrest.

LEMON OIL MISBRANDED, DECLARES DEPARTMENT

WASHINGTON, Sept. 29.—Considerable misbranding has been going on in lemon oil, the United States bureau of chemists has discovered. This is due, it is said, to the remarkable increase in the cost of the article, which before the disastrous earthquake in Sicily that destroyed the city of Messina a few years ago, could be bought for 75 cents a pound whereas now it costs 75 cents a pound. Recently one American shipper was fined \$200 for selling misbranded oil, and at another place seizure has been made of 350 pounds of so-called standard quality oil of lemon, which, it is charged, consists of "washed lemon oil" adulterated with "oil of the Sicilian lemon crop was so completely destroyed by the big earthquake that it has never recovered."

LATEST NEWS FROM OUTSIDE TOWNS

RETIRES AS HEAD OF CIVIC CENTER

Mrs. Reuben Mastick of Hayward Union Center to Re-sign Presidency.

HAYWARD, Sept. 30.—Mrs. Reuben Mastick, one of the most active and popular presidents of Hayward Union Civic Center, has intimated her retiring from this position which she has held for two years. Mrs. Mastick will not, however, sever her connection with the center, for she is one of its most active members.

Her husband's ill health is the reason for the president's retirement. Otherwise, she said she would have been glad to continue leading the center in its good work. During her tenure of the presidency Mrs. Mastick has initiated many movements tending toward the betterment of the community and was also one of the social leaders of the center.

The nominating committee of the Civic Center has the following list of officers, and as there is no opposition, they will probably be elected at the next meeting. President, Mrs. B. F. Giddings; first vice-president, Mrs. A. J. Powell; second vice-president, Mrs. A. O. Busch; corresponding secretary, Mrs. Anna Egbert; recording secretary, Mrs. Louise Kimball; financial secretary, Mrs. J. G. Esterbrook; treasurer, Mrs. Frank Satterlee; auditor, Mrs. J. W. Dummerman; directors, Mrs. Jewell Madison, Mrs. J. W. Burge, Mrs. E. W. Thurman, Mrs. J. W. Burge, Mrs. T. J. Thurman, Mrs. Arthur Kimball and Mrs. Margaret Easton.

The women who have been nominated are looked upon by the center as a strong board of officers, who will ably conduct the work of the center during the coming year.

DUTTON AVENUE EXTENSION READY

First Train of Southern Pacific
Will Go Over Route
Tomorrow.

ELMHURST, Sept. 30.—The opening of the Southern Pacific suburban electric line to Dutton avenue in San Leandro tomorrow morning will be an epoch-making event in the history of East Oakland communities. Preparations are being made by residents along the line of the extension to give a welcome to the first train bearing officials of the Southern Pacific Company, which is timed to arrive at Dutton avenue about 6 o'clock in the morning.

Suburban Traffic Superintendent J. C. McPherson and Assistant Superintendent W. H. Norton will accompany the first train, and will inspect the new car tracks en route.

On arrival at the terminus of the line the officials will be met by members of the San Leandro Annex Improvement Club, and the Broadmoor Improvement Club. There is general rejoicing all along the line of the extension, from Melrose, through Fitchburg, Elmhurst and the other flourishing communities.

The electric trains are operated at present from the mole via Seventh street to Hillside avenue, about a mile east of Melrose at Forty-sixth avenue and East Fourteenth street. Tracks have been laid through Havenscourt to Seventy-fourth avenue, and from there on to Dutton avenue.

Starting tomorrow, the regular service of trains will be put in operation. There will be a twenty-minute service during the rush hours in the morning and evening, that is, from 6:30 a. m. to 8:30 a. m. and from 4:30 to 6:30 p. m. During the day there will be trains every forty minutes.

What is known as the swing service will be put on from Havenscourt to Dutton avenue. Cars will run back and forward from Dutton avenue to Havenscourt, and here the passengers will change onto the Melrose train for Oakland and San Francisco.

CASTRO VALLEY GIRL IS BRIDE; CEREMONY PRETTY

HAYWARD, Sept. 30.—Miss Mattie Jorgensen, of Castro Valley, who was married Sunday to Fred Weidemann of San Ramon, made a charming bride. She was dressed in white champagne, and carried a beautiful bouquet of white roses. Miss Dora Jorgensen, a sister of the bride, was bridesmaid and was dressed in white silk. Henry Weidemann, brother of the groom, was best man.

The wedding, which was solemnized at the home of Mr. and Mrs. C. Jorgensen, in Castro Valley, was a quiet affair, only the relatives of the family being present. Rev. L. E. Thompson of the Methodist church officiated.

Miss Carrie Jorgensen, sister of the bride played the wedding march. Following a reception the couple left for a honeymoon trip to Los Angeles.

TRUSTEES OF SAN LEANDRO WILL MEET

SAN LEANDRO, Sept. 30.—A special meeting of the town trustees will be held tomorrow in view of the visit of the trustees to the municipal convention in Venice October 6, as the regular meeting of the board would also fall on that date.

Plans and specifications for the extension of the town storm sewer on East Twentieth street, between Twelfth and Thirteenth avenues, will be considered. The rains set in.

Members of the board who will probably journey to Venice are Mayor J. J. Gill and Trustees F. Schmidt, M. S. Rogers, M. J. Andrade and Dr. Charles Coleman.

POLICEMAN'S BUTTONS CLIPPED AS SOUVENIRS

MELROSE, Sept. 30.—A bevy of fair uniformed cut of Officer Habermat at Sunday's Moose barbecue at San Lorenzo grove. Habermat's buttons now repose in the several pockets of his admirers, but he can't appreciate the honor. Of course, the buttons were merely worn off the coat as souvenirs, but when the officer returned to the pavilion for the garment and found it denuded of its shining ornaments he had to face his superior officers looking as if he had undergone the penalty of a military court martial.

DOG RUNS AMUCK; KILLS OTHER DOGS

Vicious Bull Finally Cornered
and Shot by Pursuing
Posse.

FRUITVILLE, Sept. 30.—Jack London's bulldog character "Cherokee" did not show better fighting qualities than were exhibited by a massive bulldog belonging to J. W. Ralston of Alameda, which in a pitched battle here yesterday morning killed three dogs and badly mauled several.

The maddened animal in Diamond canyon and at considerable risk approached close enough to shoot the dog.

The bulldog along with the carcasses of the other animals will be examined for rabies. Ordinarily a peaceably disposed animal, Ralston's bulldog, which was chained up, got loose and started in to chew up every dog it met on the streets.

As one or two of the dogs it met were muzzled according to the ordinance, the bulldog had no opposition in its attack, and its address was well known.

Constantly the animal used its teeth in defense. Other dogs which encountered the ferocious beast were better prepared, and fought a desperate battle in the street, only to be worsted in the end and either killed or mauled. Residents in Alameda district were in a state of alarm when the bulldog started his career of slaughter and the animal cleared the street wherever it appeared.

The unlucky dog which so much as showed its nose outside the protecting fence of its master's residence was set upon and bitten.

Constantly William Allen and several residents started in pursuit of the bulldog, which took shelter in Diamond canyon. Here it was cornered by Sam Jasper, one of the party. The dog made a dash at Jasper, stopped the rush with a well-directed shot.

COUNCILMAN BARTLETT ENTERTAINS FRIENDS

SAN LEANDRO, Sept. 30.—Councilman Frank H. Bartlett, of Alameda, was host to a coterie of friends at a dinner given at the Estadio house in San Leandro last Saturday evening. The guests, all wearing white hats, left Alameda in five automobiles, arriving in San Leandro at 7:30 p. m.

One of the most striking features of the 24-course dinner, consisting of a large Dutch windmill in the center, from which ran water to each guest's plate, where a smaller windmill was stationed. The design was the work of Nelson G. Welburn, one of the guests.

The Golden Gate Quartet rendered classical and popular selections during the course of the sumptuous banquet. Honorable E. K. Taylor presided as toastmaster. Bartlett's friends presented him with a magnificent silver ring. Council President Alfred Morgenstern made the presentation speech.

Among those who constituted the party were Hon. E. K. Taylor, City Attorney Samuel Poorman Jr., Alfred Morgenstern, George T. Morris, Conrad Roth, John Buben, Nelson G. Welburn, Ernest J. Behre, Alvin W. Frandenthal, Harry W. Shure, Will A. Eichenger, Fred Smiley, Augustus Smiley, Joseph C. Kearney, Duncan Stevenson, Leo S. Robinson, Thomas Schander and Mayor Chas. Meyer of Hayward.

BENEFIT ENTERTAINMENT FOR MISSION CLUB

HAYWARD, Sept. 30.—The Mission Club of All Saints Church, Hayward, will give a benefit entertainment at the theater tomorrow evening, the proceeds from which will go toward the building of a new mission hall. Members of the club are young men of the congregation, and it is their intention to set up a fine tennis court on a piece of ground in the vicinity of the church rectory.

An excellent musical program and entertainment will be given. On the committee in charge of the show are Joseph Ferreira, Jesse August, Arthur Rogers and Willie August.

REBEKAHS HOLD A WHIST TOURNAMENT

ELMHURST, Sept. 30.—Elmhurst Rebekah Lodge No. 27 held a successful whist tournament last night. Seventeen tables were required, and valuable prizes were awarded. A benefit dance is planned by the Rebekahs for Halloween, the proceeds from which will be handed over to a good cause. The affair will take place in Elmhurst, Ninety-third street. The dance committee consists of Mrs. L. Carlson, Mr. and Mrs. Taimo and Miss Gertrude Garrettson.

BLIND MAN ON TRACK HAS NARROW ESCAPE

HAYWARD, Sept. 30.—An aged blind man, wandering on the tracks in front of a speeding Oakland-bound electric car from Hayward had a hairbreadth escape from death yesterday afternoon. Prompt action on the part of the motorman saved the blind man from being struck. The ringing of the car bell only bewildered the man, who, in other words, did not know the car was coming until the car bore down upon him. The car was stopped just in time.

No "Let Up"

There will be no "let up" in that distress after eating until you first help the stomach and digestive system back to health and strength. For this work

HOTSETTER'S STOMACH BITTERS

is particularly well adapted. It brings back appetite, aids digestion, keeps the bowels open and improves health in general. Try a bottle.

The Store That Undersells—HALE'S OAKLAND STORE—Washington at Eleventh

ENGLISH UNIONS TO CONSOLIDATE

Employers' Funds Will Be Met
by Concentration of the
Workmen's Dollars.

LONDON, Sept. 30.—The gage has been hung down by the labor unions in answer to the employers' proposed fund of \$250,000,000 and the formation of the United Kingdom Employers' Defense Union, the object of which was announced to be the consolidating of the resources of the employers and the maintenance of their rights and freedom to deal with labor unions.

A number of prominent labor leaders are planning a new policy, which, eliminating the benevolent feature of the unions, will leave all the funds to supply the war chest in other words, will convert the trade unions into a fighting machine. The new policy may be extended so as to cover the production by the workmen themselves of the primary necessities of life, without losing sight of the necessity of using to the fullest extent their forces for political and industrial action.

No man with a family to support can afford to have kidney trouble, nor need he fear it. Run back to the old and reliable Foley Kidney Pills. You can not take this honest curative medicine into your system without good results following. It cleans out and builds up the kidneys, and makes them able to strain out of the blood the impurities that cause backache, weak back, sore, inactive kidneys, and sleep-disturbing urinary troubles. Druggists, Kahns.

Only by pushing the necessary claims for damages.

FURNITURE BURNED.

LOS ANGELES, Sept. 30.—Furniture valued at \$250,000 was burned here early last night in a fire which destroyed the Barker Bros. warehouse. The building was valued at \$50,000. The flames endangered the entire wholesale district. The origin of the fire was not ascertained.

ZONE LANDS ARE LEGAL PROBLEM

Dr. Rowe Says Small Farmers
Have Been Driven
Out.

PHILADELPHIA, Sept. 30.—Dr. Leo S. Rowe, of the University of Pennsylvania, one of the representatives of the United States on the international claims commission established under the treaty of 1903 with the republic of Panama, who returned here from Panama last night, issued a statement on the work of the commission today. He said:

"The decision of the United States to acquire title to all the land in the canal zone involves much more than the appropriation of a large amount of property. The policy adopted by the government of the United States was not only to acquire title to all the land in the canal zone, but also to depopulate the zone. In other words, the thousands of small farmers who had for many years cultivated small tracts of public land as a means of livelihood were to be driven from their homes. This involved the necessary claims for damages."

LOS ANGELES, Sept. 30.—Furniture valued at \$250,000 was burned here early last night in a fire which destroyed the Barker Bros. warehouse. The building was valued at \$50,000. The flames endangered the entire wholesale district. The origin of the fire was not ascertained.

UGH! NOT CALOMEL, OIL OR SALTS, TAKE "CALIFORNIA SYRUP OF FIGS"

Delicious "Fruit Laxative"
Cleanses Stomach, Liver
and Bowels.

A harmless cure for sick headache, biliousness, sour stomach, constipation, indigestion, coated tongue, salivaceousness—take "California Syrup of Figs." For the cause of all such misery comes from a torpid liver and sluggish bowels.

A tablespoonful tonight means all constipation, poison, waste matter, flatulence, food and sour bile gently moved out of your system by morning.

BONI FEIGNS BETROTHAL;
PUTS OFF CREDITORS

PARIS, Sept. 30.—Roni de Castellane has been putting off his horde of creditors ever since his divorce from Anna Gould by tales of how he is going to marry some of J. P. Morgan's millions and finally pay off all his debts. After being pressed by traders who want their money, Boni had a bright idea. He took his persecutors to Versailles when he went to make a call on Miss Anna Gould. He told them that he was the villa Boni superintendent the placing of his creditors behind bushes. Boni then departed to bring out Miss Morgan for a walk, the creditors being advantageously placed. Boni walked along with the American heiress down the wooded paths. The mere fact of a gentleman walk-

ing alone with Miss Morgan in a forest is, to the French bourgeois creditors strong evidence of the couple's solemn betrothal, since in France Miss Morgan is still "jeune fille," a young lady of most respectable family, who would not be out walking with Monsieur Boni without a chaperon unless really betrothed.

LYTTON BOYS AND GIRLS
IN RALLY DAY PROGRAM

HAYWARD, Sept. 30.—The Lytton Boys and Girls of the Presbyterian Church Sunday school were taken out in a delegation of Sunday school children to the Lytton rally day program, which was held at the Lytton school house. The program was supervised by Rev. C. B. Rogers.

TAPPAN DOUBLES LOGAN'S SENTENCE

and

TITLE TO OIL LANDS IN DANGER

Great Acreage Said to Have Been Entered Upon.

Suit to Settle Question of the Title Has Been Filed.

DENVER, Sept. 30.—Rich oil lands in California, aggregating an estimated

acres, have been entered upon since the withdrawal order by President Taft September 25, 1909, and prior to the withdrawal act of Congress of June, 1910. Title to all of this land is involved in the present suit, according to William Donnan of San Francisco and Ernest Knaebel of Denver, special assistants to the attorney-general of the United States. The Wyoming land involved totals about \$6,000.

Donnan stated that the possession of issues to the Supreme court is highly satisfactory to the government, and that it will probably bring a final decision a year sooner than had been expected.

The Midwest Oil company, and others similarly situated, assert that the withdrawal of the lands by President Taft was illegal, and that all entries made before the act of Congress are valid. The contention of the government is that the President was authorized to withhold the land from entry, especially since in the withdrawal order he specified that the land was needed by the nation to furnish oil for use of the navy.

The court today invited counsel for both sides to assist it in preparing a list of questions to be submitted to the Supreme Court. When opinions in answer to these questions have been received the case will be argued in the United States Circuit Court of Appeals and a decision rendered.

A recent decision in the United States District Court in Wyoming was

TAXPAYERS' COLUMN

All Communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

EDITOR TRIBUNE: I notice considerable space is given in your paper regarding the muzzling of "man's best friend." In behalf of the faithful dog, I submit to you some data which may be of benefit to the public and assist in protecting the dog from the ignorant busy ones who take advantage of the dog's inability to controvert their oftentimes sensational and untrue statements.

This is a matter I think should be handled intelligently as it is of much importance to some of the owners of a dog, as every man is made happy by his devotion, which is steadfast for his entire life. This is not a question of a dog's ability to be slaughtered house to be butchered to satisfy the human appetite.

In consideration of his devotion and faithfulness he should have some protection. Why should the dog be treated as a dog? He is a man's friend and more than one man should be sent to an insane asylum, because his neighbor

dog. I am certainly surprised that someone has not before this said something in defense of "man's best friend."

Very truly yours,

GEO. W. ELLERY.

RABIES (Hydrophobia).

Rabies is the most dreaded among all diseases of the canine race since, as is generally supposed, it is communicable to other members of the animal kingdom. Including man, it is a very dangerous disease. There is such a great difference of opinion as to whether it is a virus or a bacterium, for when it comes to actual facts, little is really known about it, and most of the so-called cases of mad dogs which are reported each year, are no more than those persons who report them.

It is true, many dogs may, at times, show some symptoms that are analogous to hydrophobia, such as frothing at the mouth, snapping at objects that are on their path, etc., but in the great majority of cases they are due to lack of water, intense heat and, more particularly, to internal parasites.

A. F. Hochstadt, editor of Dograff, kennel editor Sportsman's Review, says: "During my experience with dogs not one actual case of rabies ever came under my observation, though I have seen and studied a great many supposedly mad dogs, but the rabies in each case

contrary to the government's contention in the Midwest case. The court decided that the President was authorized to withhold land from settlement. From this decision the government appeals.

submitted to a drink of cold water, and a dose of bromide of potassium followed up later by a vermifuge to expel worms which were the cause of the attack.

This experience is similar to that of most other breeders, and the consensus of opinion among them is that where one dog is destroyed which has hydrophobia a hundred are killed which are suffering from other causes.

THE MAD DOG SCARE.

An article which appeared in the Sportsman's Review of July 21, 1907, on "The Mad Dog Scare" contains some valuable statistics, and I quote the following from it:

"The mad dog scare in print contains many sensational stories that appear in print concerning the mad dogs, the department of mercy of the National Women's Christian Temperance Union, and other organizations, has done much to create a false impression."

The pamphlet gives signed statements from several prominent physicians at the head of hospitals, in both England and

about the mad dog scare. It is the only one of the kind that is to be built hereafter, is due to a mad dog scare.

McLain is well known. McLain has been identified with the Franklin factory since 1907 and has been its western representative all that time. He first had the entire territory from Denver to the coast, then, upon his suggestion, his district was cut to the Pacific coast, states and more recently he devoted his energies to California.

McLain was the one to strike a popular chord. This new model which by the way will be the only chassis that the Franklin people will build, will be equipped with what is called a "body" and at a much lower price than our old six, and at the same time is made possible quality. The new model is made possible during the past two years at the Franklin factory, by which a car is produced at a cost of \$1,000 less than the cost of the new Franklin will be sent here next week, and should be on display by the middle of October, at which time I take over the business.

"I shall continue to maintain the present splendid service at the Franklin factory, and at the same time I will be in the same position to care for Franklin in the country and in the city. The organization was run as a direct factory branch."

HUDSON PLANT BUSY. R. C. Greth, factory representative for the Hudson Motor car company, has just received the report of August shipments made from the Hudson factory. The largest number of cars shipped in any one state was California, where nearly 100 cars were shipped. The cars being shipped here during the month of August were the Hudson six, which is by far the largest car ever made since the firm has been in business. Greth is personally in the country and it is certainly gratifying for him to note the increase of business shown by his numerous friends.

SPARK PLUG LORE. "Leaky plugs can cause a lot of trouble that is very difficult to trace," says C. E. Elchberger, the well known Oakland car dealer. "They will make a car misfire and on heavy loads, but will permit it to run quite properly, to all intents and purposes. The principal danger is that the spark plug will crack or become porous, which will allow the high tension current to jump without jumping the spark gap, and the result is to fire the plug. The only remedy is to fit new plugs. The plugs are known to be in good condition and to be careful not to crack the porcelain in tightening them in the cylinders."

LOZIER STOCK TAKEN. Directors of the Lozier Motor company in session at Detroit last week voted to increase the stock of the company to \$1,000,000. The company is now valued at \$1,000,000. It was purely an internal affair, no stock being offered to the public. The subscription was in the nature of an appreciation of

M'LAIN BUYS OUT FRANKLIN BRANCH

Well Known District Manager Takes Control of Local Territory.

(By EDMUND CRINNION.)

One of the most pleasant surprises to be announced along the automobile rows of the two cities was the announcement made this morning by John F. McLain, the well known Franklin car branch house manager, to the effect that he had purchased the interest of the Franklin factory in Northern California, and would henceforth conduct the Franklin car business under the firm name of the John F. McLain Company.

McLain, according to McLain, has been with the Franklin factory for some time, and has given him ample time to complete all of the details in the new deal, which was done on his recent trip to the Syracuse factory.

The new arrangement will give McLain control of the Oakland and San Francisco

territory. McLain is well known. McLain has been identified with the Franklin factory since 1907 and has been its western representative all that time. He first had the entire territory from Denver to the coast, then, upon his suggestion, his district was cut to the Pacific coast, states and more recently he devoted his energies to California.

McLain was the one to strike a popular chord. This new model which by the way will be the only chassis that the Franklin people will build, will be equipped with what is called a "body" and at a much lower price than our old six, and at the same time is made possible quality. FAMOUS PHYSICIAN PERFORMS MARVELS. Doctor Kong, Chinese Diagnostician, Astounds With His Ability.

Oakland numbers among her residents one of the most famous medical men of the present generation. The ability of the Chinese to successfully cure disease is well known. For 4000 years their skill has been proved by many cures.

Doctor Kong, who resides at the corner of Ninth and Clay streets, Oakland, is a graduate of the Canton Medical School and of the Medical School of Peking, China. He is a member of the Chinese Physicians' Association and is held in high esteem by his native countrymen, being a member of the famous Six Companies, whose wealth and power are well known.

Doctor Kong has in his possession many letters of gratitude from people of prominence around the bay who have been cured at his hands. Most of these letters mention the astonishment experienced by the writers over the Pulse Diagnosis which they received when first consulting Doctor Kong. The doctor does not ask a question but merely feels the patient's pulse and prescribes some of the soothing and healing Chinese Herbs and Compounds. Relief is generally felt at once and complete, permanent cure usually follows in the course of a few weeks, according to the testimonial letters mentioned above.

Doctor Kong is glad to receive any one suffering from disease, no matter what it may be. He will give a remarkable Pulse Diagnosis to any sufferer free of charge. This liberal offer should be taken advantage of at once, especially by sick people whose cases have been long standing.

The doctor is associated with Doctor Chan under the firm name of Doctors Chan and Kong, 501 Clay street, Oakland.

In many instances these competent doctors take cases with the understanding that if they do not completely cure, their treatment will not cost the patient a cent.

MISS MELVIN MARRIES A BUSINESS MAN. SANTA ROSA, Sept. 30.—When Miss Margaret Melvin, county superintendent of schools of Santa Rosa, arrived in Sacramento last Saturday, she alighted from the train on which the city and county superintendents of schools had been holding their institute.

She was met by Charles Ferguson, manager of the Pacific Gas and Electric Company's station in Santa Rosa, where they were married in Trinity church by the Rev. J. H. McElroy.

The bride invited Florence M. Barnes, superintendent of schools of this county, to be her bridesmaid.

Mr. and Mrs. Ferguson were here yesterday on their honeymoon. Santa Rosa having been the bride's girlhood home.

WIFE FAILS TO APPEAR IN COURT

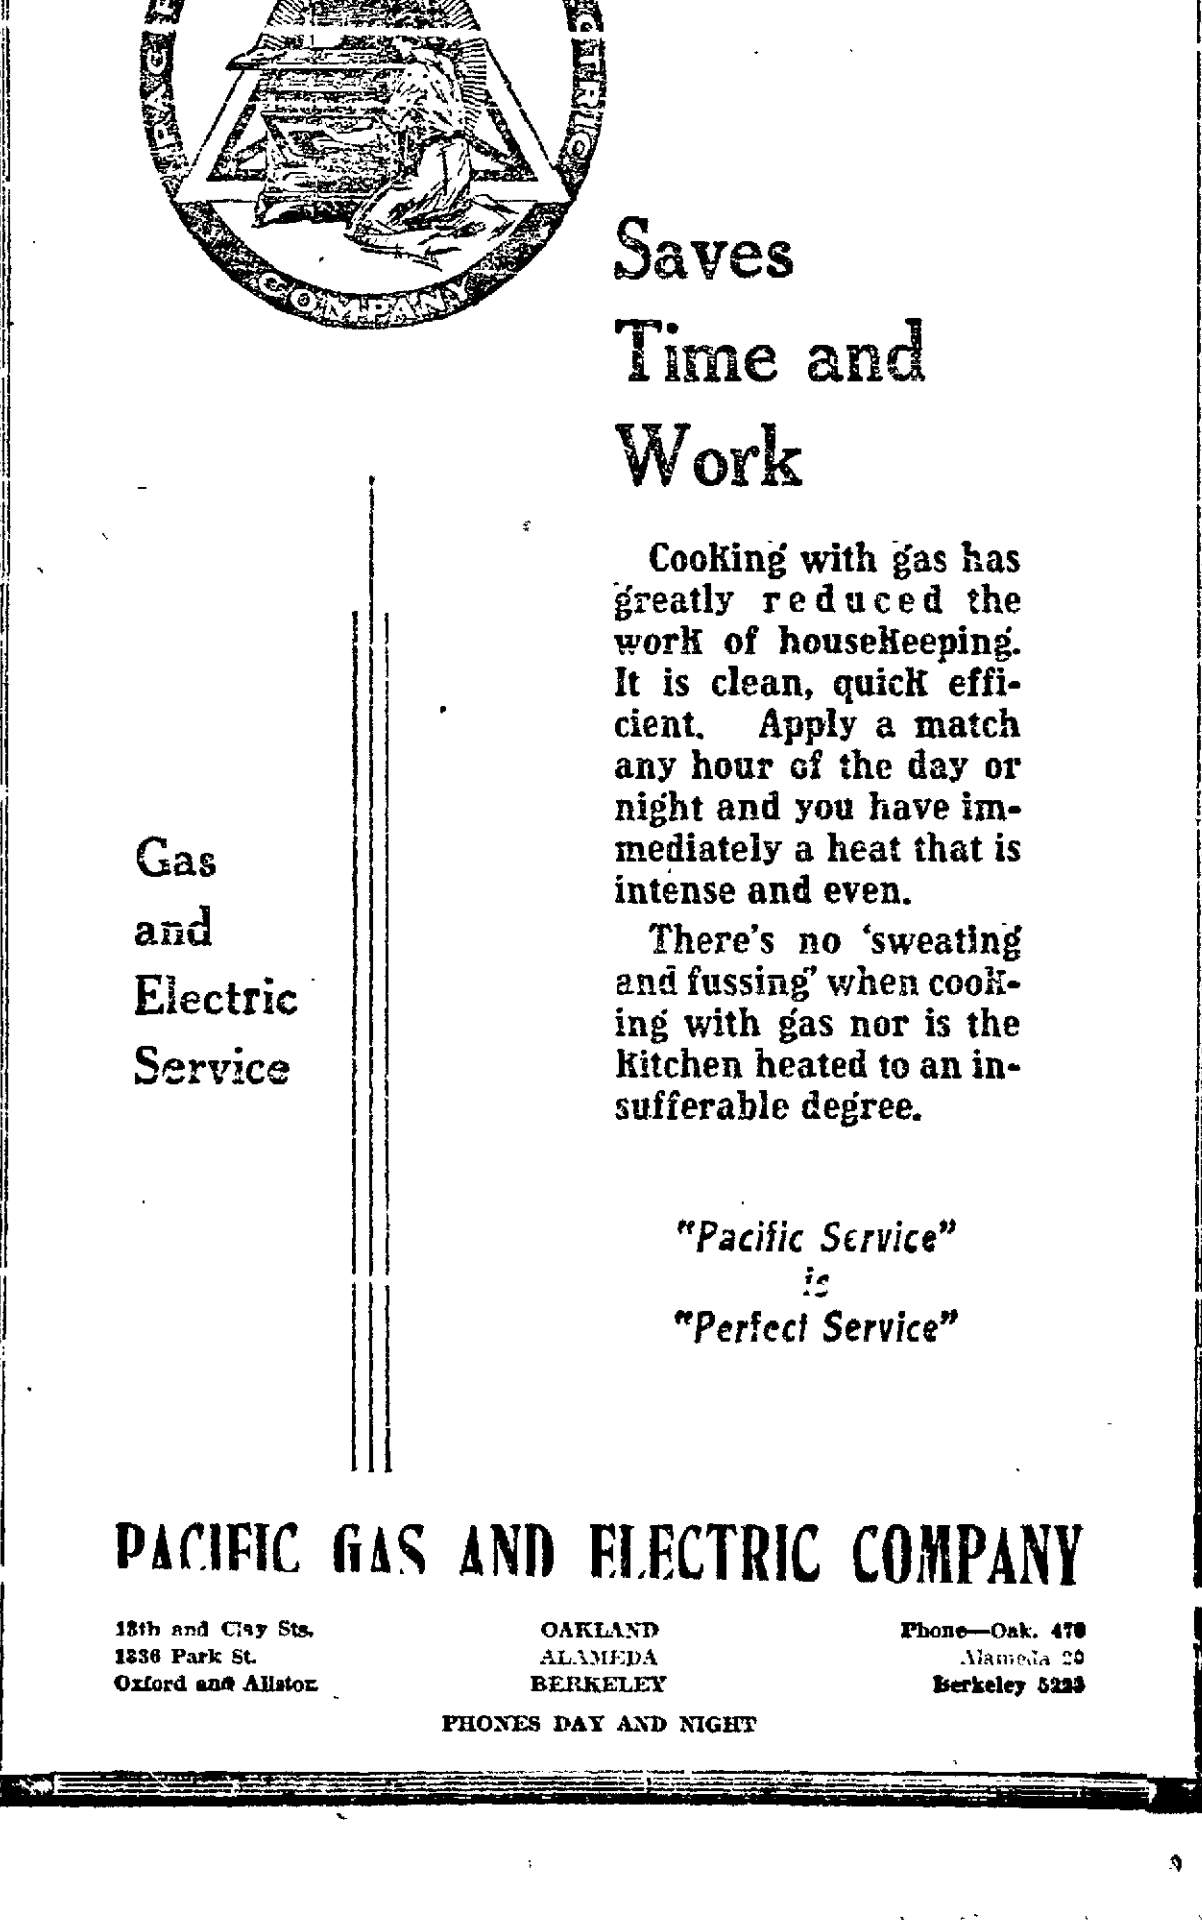

Husband Returns to Answer Charges, But Woman Does Not Prosecute.

Celestine Ramos Robbins, whose husband, after bringing her from Manila to Oakland, left her in this city and fled this morning refused to appear against her spouse, and the case against the latter was dropped. The girl, at the time Robbins disappeared, leaving her destitute, appealed to the police to aid her, and detectives, locating the man in the south, brought him back.

A large crowd filled when the case came up today, many of the spectators being Filipinos. Robbins was unconcerned, knowing that his wife would not appear. He had purchased a ranch at Corona, Cal., and the girl's relatives here cared for her since the trouble. The couple were married in Manila, where Robbins was a government clerk.

LA PALOMA CLUB TO GIVE SECOND DANCE

Tomorrow evening members of the La Paloma Club will hold their second dance or the third autumn series. The hall room will be brilliantly lighted and decorated with greenery and pennants bearing out a color scheme of blue and white.

PACIFIC GAS AND ELECTRIC COMPANY

Saves Time and Work

Cooking with gas has greatly reduced the work of housekeeping. It is clean, quick efficient. Apply a match any hour of the day or night and you have immediately a heat that is intense and even.

There's no 'sweating and fussing' when cooking with gas nor is the kitchen heated to an insufferable degree.

PHONES DAY AND NIGHT

JAPAN IS PREPARING TO MAKE CHINA A BATTLEGROUND

RUSSIA IS CAUSE OF RIVALRY

Nippon Government to Preserve Status Quo in Manchuria

Japanese Navy in Chinese Waters to Be Increased

LONDON, Sept. 30.—A Peking dispatch to the Daily Telegraph says: "Japan is preparing to make China a battle ground. Her rivalry with Russia was not settled by the late war. No Russo-Japanese agreements whatever exist covering Mongolia or correlated moves. The Japanese policy has been devoted to preserving the status quo in Manchuria, thus leaving her free to take any necessary counter-acting steps."

TO INCREASE STRENGTH. "The Japanese naval unit will be increased in Chinese waters. There will be no danger to British interests if Great Britain displays her usual strength."

"Peking is no longer the capital in the old sense, the loss of Mongolia and the absence of the usual intercourse rendering it unimportant and transferring the power to the south. It is, in fact, practically the whole Chinese revolutionary party under lock and key in Tokyo, holds out her hand to England, knowing that the alliance is more important now than ever."

FEARS INTENSIFIED. WASHINGTON, N. D., Sept. 30.—Fears occasioned by a recent communication from the Lutheran brethren, mission station at Tsaoyang, China, to the mission's headquarters here, telling of attacks by brigands upon members of the mission colony were intensified last night by news reports from Peking that eight foreigners at Tsaoyang had been captured by bandits.

Rev. J. Lillie, president of the Lutheran mission here, said that the missionaries now assigned to that post are: Rev. and Mrs. George Holm, Rev. and Mrs. Marcus Werdel, Rev. and Mrs. P. Pauske, Rev. and Mrs. Elliott Aandahl and child and Miss Ida Sather.

The communication recently received here from the Rev. Mr. Holm, in charge of the station, told of an attack upon a number of the workers by bandits. The Rev. Mr. Aandahl and Miss Sather were severely stabbed. The writer declared a reign of terror had existed in the Tsaoyang region since the recent revolutionary outbreak owing to the danger of attacks the missionaries, usually scattered throughout the province, were assembled at the central station.

As no other foreigners are known to have been in town members of the faculty here were inclined to believe the eight persons reported captured are members of the missionary colony.

Fashion Show Cause Of a Near-Riot

KANSAS CITY, Mo., Sept. 30.—Caught in a crowd of window shoppers that jammed the downtown streets here last night when the Fashion Show, a feature of the fall fashions began, more than two score of women fainted. None was seriously injured. The police were unable to handle the struggling throngs which packed the principal streets in the retail district.

The surging mass of humanity broke through the plate glass front of one big store.

Senator Lodge Rests Easy After Operation

NAHANT, Mass., Sept. 30.—A comfortable night was passed by United States Senator Henry Cabot Lodge, who has been in a serious condition for some days as a result of an illness which necessitated an operation last Friday for the removal of a gastric ulcer.

Arranging Benefit for Children's Hospital Social Elect to Hear Fine Music Program

Society women who will receive at the Children's Hospital benefit: Left to right, Miss Helen Neal, Miss Eleanor Knowland and Mrs. J. B. Gilbert Jr.

SOCIETY TO HELP SICK TOT'S HOME

Afternoon of October 4 to Be Dedicated to Sweet Charity

The Hotel Oakland ballroom will present a brilliant scene on the afternoon of October 4, when, for the benefit of the Children's Hospital of the east bay cities, the social elect will play cards and listen to a musical program which has attracted considerable attention. The hour of music, as planned, will be one of the musical events of the year, the program being one of the most remarkable to be presented in several seasons. The affair will be given during the tea hour and many guests who do not play cards will enjoy the program and entertain at tea.

The affair has enlisted the attention of a large number of prominent women, and the committees in charge are rushing to completion the many little details which will add to the attractiveness of the event. Mrs. William Blackburn, president of the Children's Hospital Association, and the committee heads are holding daily conferences, and the program, decorations and other details are being given their finishing touches.

The guests will be received by a coterie of attractive society buds, who will assist the matrons interested in the movement and will act as a general committee of welcome. These will include Miss Eleanor Knowland, Miss Helen Neal, Miss Dorothy Baum, Miss Helen Wilkom, Miss Ruth Baehr and others. Mrs. J. B. Gilbert Jr., head of the committee of arrangements, will also assist in receiving, as will Mrs. Blackburn and several other officers and prominent workers in the movement.

LARGE RECEPTION COMMITTEE. The reception committee to meet at 4 p.m. will include the board of managers of the hospital, this being as follows: Mrs. William Thornton Blackburn, Miss Edna Osborne, Mrs. J. Maxwell Taft, Mrs. J. M. Crump, Mrs. Morris Rehlich, Mrs. C. H. Hubbard, Dr. Malinda Goldson, Mrs. Theodore Gier, Mrs. Isaac Chapman, Mrs. Rosa Hoffend, Mrs. J. Y. Miller, Mrs. L. C. Fleener, Mrs. Albert E. Sykes, Mrs. Frederick G. Russ, Dr. L. D. Lambert, Dr. Mary Stuart, Mrs. L. F. Haeckel, Madame Chaumette, Mrs. Charles S. Neal, Mrs. Harry P. Carlton, Mrs. R. A. Forsterer.

The program of music will be particularly interesting, containing many vocal and instrumental numbers. The selections to be heard will be as follows: Soprano solos, (a) "Dost Thou Know That Fair Land" from "Minnun" and (b) "I Know a Hill" by Whelpley, Miss Mary Anderson, piano solo, novallette, by Schuman, Miss Helen D. Neal; vocal duet, "Sayon-

ONE BIXBY JUROR FOR CONVICTION

Voted Against Freeing on Two Informal Ballots

LOS ANGELES, Sept. 30.—Although only one formal ballot was taken by the jury which last night freed George H. Bixby, the Long Beach millionaire, tried for contributing to the delinquency of Cleo Helen Barker, 19 years old, it was learned today that on two informal ballots one juror had voted for conviction. One informal ballot was taken immediately after the jury retired to deliberate and the ballot stood 11 to 1 for acquittal. Then the jurors went to dinner and returning, balloted informally once more, one juror still voting to convict the capitalist. When the first formal vote was taken, however, the lone juror who had at first believed in Bixby's guilt changed his ballot and the man accused of degenerate practices was freed. With another indictment, charging Bixby with a similar offense, against Merle Brown-Levy, is pending, it is probable it will be dismissed. Bixby also faces damage suits aggregating \$100,000 brought against him by the Barker and the Brown-Levy girls and by Jeanette Ellis, another girl who was an inmate of the notorious "Jonghi" hotel, a police raid upon which resulted in the indictments against Bixby.

German Biplane Lands in France

BOULOGNE-SUR-MER, France, Sept. 30.—A biplane piloted by a German officer landed yesterday at Neufchatel, near here. The aviator left Cologne on his flight to England but the heavy fog which prevailed forced him to descend. As he has no papers in his possession except a route map he will be detained until a satisfactory explanation is given of his descent on French soil.

ONE BIXBY JUROR FOR CONVICTION

Voted Against Freeing on Two Informal Ballots

LOS ANGELES, Sept. 30.—Although only one formal ballot was taken by the jury which last night freed George H. Bixby, the Long Beach millionaire, tried for contributing to the delinquency of Cleo Helen Barker, 19 years old, it was learned today that on two informal ballots one juror had voted for conviction. One informal ballot was taken immediately after the jury retired to deliberate and the ballot stood 11 to 1 for acquittal. Then the jurors went to dinner and returning, balloted informally once more, one juror still voting to convict the capitalist. When the first formal vote was taken, however, the lone juror who had at first believed in Bixby's guilt changed his ballot and the man accused of degenerate practices was freed. With another indictment, charging Bixby with a similar offense, against Merle Brown-Levy, is pending, it is probable it will be dismissed. Bixby also faces damage suits aggregating \$100,000 brought against him by the Barker and the Brown-Levy girls and by Jeanette Ellis, another girl who was an inmate of the notorious "Jonghi" hotel, a police raid upon which resulted in the indictments against Bixby.

SLIT SKIRT IS AN ANCIENT CREATION

It Is Passe, With X-Ray Gown in Paris, Says Jules Pages.

Pacific Coast Follows French Capital, But Long Afterward.

When you wear those new slit skirts or those daphanous gowns you think you're doing something very new and startling, don't you, girls? Well, you're not. The girls wore them in Paris a long time ago, but they don't do so any more. The slit skirt and the x-ray gown have gone out of fashion at the French capital. Jules Pages, who has just come from there, ought to know, and he says so.

The famed artist, now visiting in Oakland, declares that the x-ray gown, for instance, has become quite passe among the French. Not even a flutter is caused by it any more. They are wearing minarets now.

"The Pacific coast follows Paris, but some distance behind," declares the artist. "These x-ray gowns for instance, they had them in Paris, but they have gone out of style. They are—yes, passe is the word. They don't wear them there now. They are just setting out here, but no one who has been in Paris would get excited about them."

In fact most of the fads and follies which have struck the coast as "fresh from Paris" are about as fresh as cold storage eggs according to the artist. Under the head of cold storage fads he includes minarets and fad art. They also are passe. The purist is the latest style.

'T WAS ALL A JOKE.

"We always regarded the cubists and futurists much as you do here," said the artist, speaking of the French painters. "There was no system to them. They were freaks and couldn't be treated seriously. For a while we joked about them. Then America did it. 'No we have the purists to wonder over. When they have their little seasons of publicity I suppose they too will be stationary up in oblivion with the impressionists, the forerunner of them all. There is no merit to such things, save that they make one think. Some day we shall drift back to sanity again and perhaps real art will have profited by these variations. I saw a painting called 'A Lady at the Bath.' It showed a curtain and an attenuated S. Just what the artist meant I suspect only he and the Creator know and I don't believe the Creator had any ideas about it. These things, however, pass after we have had our laugh."

Honolulu Wipes Out Redlight District

HONOLULU, Sept. 30.—Nineteen three deportation warrants, almost all of them for Japanese, were issued today by Richard L. Haiser, chief inspector of the immigration bureau here and are being served as rapidly as possible. The enforcement of this order means abolition of the redlight district in Honolulu.

A majority of the warrants are for women, but a sizable proportion of men is included. The women are charged with living immoral lives and the men with subsisting by the earnings of the women.

Policeman and Woman In a Suicide Pact

PITTSBURG, Pa., Sept. 30.—Policeman David Lennix, a married man with children, and an unknown woman were found dead late last night on a pair of steps leading from a high bluff to a prominent hotel. Both bodies contained bullets. The authorities believe a suicide pact existed.

Fire Destroys an Historic Residence

DOVER, England, Sept. 30.—Another of England's famous old historic homes, Walsingham Park mansion, residence of the Earl of Suffolk, was destroyed by fire early today.

No evidence was found to connect the suffragettes with the fire.

MACHINIST ALLEGED TO HAVE STOLEN REGISTER

Roy Wheeler, a machinist formerly employed in the auto brokerage house of Hunter & Olson, Twelfth and Alce streets, was arrested last night at 159 Twelfth street on a charge of having stolen a cash register from the place of his former employers. The cash register was carried for several blocks when the thief sat down in a vacant lot, broke the device open and stole \$100 from the drawer. He then abandoned the register in the lot.

SOLEMN HIGH MASS FOR MRS. MARY HALE

Requiem high mass was said in St. Elizabeth's church of Fruitvale yesterday morning for the late Mrs. Mary Hale of 1505 Fortieth avenue. The house of worship was filled with friends and relatives. Deceased died last Saturday morning in Frail's hospital, and is survived by a husband, W. H. Hale, two daughters, a son, and a son-in-law, and two sons, Willis and Alfred Hale. She was 38 years of age. The interment was held in St. Mary's cemetery.

Too Many "Morns" Make Hagan Take to Night Poses

Harassed by the thousands of pictures of "September Morn" in the store windows, Russell Hagan, a young man living at 3440 Andover street, divested himself of the conventional garments of modern man and assumed the well-known pose on the lawn under the window of the Mount Hotel.

Amazed on looking from the windows to see the nude figure of a young man standing in a statue-like pose upon the lawn. He had taken up his stand where the light from a nearby street lamp would fall upon him.

Dr. Theodore Oimstead was informed of the new statue donated to the hospital and notified the police. Corporal E. W. Brock rushed to the scene with a posse of police eager to study the new art form. But the statue had disappeared.

Many people had seen the statue cowering out Webster street, peering in front of various houses as the Intoxicant Pamp, Apollo Belvedere, Hercules and other famous works of art. It was found easy to follow in the wake of the motion art work and Hagan was tracked to the home of his mother, Mrs. P. A. Hagan. Mrs. Hagan asked that the young man be taken to the hospital and stated that she would have him examined to discover the cause of the mental derangement.

BASEBALL FEVER ATTACKS SOCIETY

Fair Fans at Big Hotel Want World's Series Bulletin Board

Tango teas, bridge, dances—all have lost their lustre among the fair members of Oakland society with the approach of the world's baseball series. The Tango Puritans has dropped into oblivion. The famed stars of the big leagues are the idols of the hour, and instead of calling for more dances to conquer the fair ones want the latest baseball results.

Because among the society women who take tea each afternoon at the Hotel Oakland are many fanatics who simply must know how the world series is to go, a scoreboard in the room is the demand of the moment. The fanatics, some twenty strong, filed application with Manager Victor Reiter yesterday for the board. Reiter has stated that, if possible, the board shall be there.

For some time past the fair fans at tea parties have kept bellboys running to the clear stand to get the scores on Coast League games. The world's series is too important for this, they say. If the men have a scoreboard, why not they?

Hence the petition. "There is no reason why this cannot be done," declared Manager Reiter. "I will have a little electric scoreboard fixed on a table in the room. The board will be among the tea tables. As soon as the game starts we can put it in place, and remove it afterward."

WESTERN FUEL CO.'S CASE POSTPONED

Desire Is to Hear Norcross Contempt Cases First

SAN FRANCISCO, Sept. 30.—On motion of Special Prosecutor Matt Sullivan the cases against the Western Fuel company officials, charged with conspiracy to defraud the United States government on coal leases, were continued by District Judge DeLoach this morning until the November term of District Court. Knight objected in behalf of the defendants, declaring that his clients were not ready to meet the charges. The cases he set down for December 1, and on the first Monday in November that day will be fixed.

The postponement was requested in order that the contempt proceedings against D. A. Norcross, secretary of the Western Fuel company, who refused to bring the books and papers before the grand jury, might first be disposed of in the United States circuit court of appeals where it is now pending. It will be called for hearing October 10.

ALLEGED ATTEMPT TO BRIBE A POLICEMAN

Caught by Patrolman M. J. Buckley last night carrying a sack of money down the street, Edward T. Lavelle is alleged to have attempted to bribe the policeman to let him go.

"I haven't been doing wrong, but I don't want to get into trouble," Lavelle is alleged to have told Buckley. "Just let me go on home and you can have this."

The man opened his hand and displayed a handful of silver. Buckley brought him to the police station where he is being held pending investigation. Lavelle told Buckley that he had obtained the sack at a mill at Fourth and Washington streets.

PROCEEDINGS IN PROBATION DROPPED

Marsha Warrington and Lola Norris Not to Be Prosecuted Further.

Action Taken at Stormy Meeting at Request of Judge Shields.

SACRAMENTO, Sept. 30.—At the request of Superior Judge Peter J. Shields, one of the presiding officers of the juvenile court of Sacramento county, members of the probation committee last night dropped all proceedings against Marsha Warrington and Lola Norris, companions of Maury I. Diggs and F. Drew Carrington, in the sensational elopement to Reno, after a stormy meeting.

A. Bonnhelm, chairman of the committee, accused Assistant Probation Officer William Cook of being derelict in his duty in not having the Warrington and Norris girls on hand; E. J. Carragher, city commissioner, resigned as a member of the committee because Superior Judge Shields endeavored to take the matter out of the hands of the committee; Mrs. J. T. Green made some caustic remarks about Carragher, and Mrs. W. H. Moreland wife of Bishop Moreland charged that her fellow members on the committee were "passing the buck."

TENDERS RESIGNATION. Commissioner Carragher said that the committee was being made a joke of in the Warrington-Norris matter and tendered his resignation to Judge Shields.

Judge Shields asked Carragher to reconsider his action and Carragher finally decided to remain a member. Mrs. W. H. Moreland said that all persons brought before the probation committee looked alike to her and she did not see why the committee should be shown the Warrington or Norris girls.

Judge Shields said that in his opinion the girls and their relatives had been punished enough. "How about the two girls now in institutions and placed there by this committee after we found that they had been racing around with Maury Diggs?" the bishop's wife asked heatedly.

OTHERS LESS FAVORED. "What about the girl whose we found had stayed with Diggs in his office all night?" She was before this committee and was punished. She had just as good a home and her relatives were every bit as respectable as the relatives of these girls," continued Mrs. Moreland.

Carragher seconded Mrs. Moreland. Mrs. Greene said that if Carragher had shown as much solicitude for the welfare of the girls several months ago as he did tonight the case would probably not be before the committee.

When the matter came to a vote it stood a tie, four to four. A. Bonnhelm then changed his vote and the motion to dismiss charges was carried. "You damned lie," cried Mrs. Moreland to Bonnhelm.

Drives Wife, Naked, Into Street; Is Suicide

KENOSHA, Wis., Sept. 30.—Albert J. Carroll of Chicago drove his wife naked into the streets last night and then committed suicide by shooting himself through the temple. Mrs. Carroll had desisted to take a bath, she said, when her husband threatened to shoot her. She ran to a nearby street and called for help. When investigators entered the house Carroll was dead.

MAKE REQUEST FOR LEASING OF WHARF

**Mayor Declares Against Plan
Which Would Create a
Monopoly.**

The city council was requested this morning to offer for lease apron wharf No. 1, in the Key Route basin, the wharf adjoining the Southern Pacific mole at the southern part of the basin. The request came from H. O. Langness of the Steam

James Hout V. O. Lawrence of the Standard Warehouse company, endorsed by George W. Hatch, chairman of the trade and commerce committee of the Oakland Chamber of Commerce.

Mayor Mott declared against the project, as he considered that the plan proposed would give a virtual monopoly over a city wharf. The wharf in question is 65 by 1000 feet in size and is wanted for docking and warehouse purposes.

wharf. The matter was referred to Commissioner Harry S. Anderson.

PARENT'S SOUP HAD
GUINEA PIG IN IT

Pierre Paret is the most dignified of the waiters at the Hotel Oakland that is, he was until last night. On small gulnea pie caused his downfall and how he lost his equanimity, which, he

It happened last night while he was serving a party at the hotel. One of the men, when soup was served, beckoned Paret and, lifting the cover of the tureen, drew from it a live guinea

pig. Paret gasped and stuttered. The party burst into laughter. Finally when he started for the chef to demand an explanation, it was explained to him that Charles J. Carter, the magician, was having a little fun at his expense. Carter was entertaining

his expense. He was entertaining a party of Oaklanders and planned the trick as a surprise for his guest.

FENSE HOLDS CARD IN LA FRENZ TRIAL
N JOSE, Sept. 30.—The selection of a jury for the trial of Henry La Frenz, of a San Francisco saloon man, on a charge of murder, was begun yesterday in superior court before Judge J. E. Hards. Accusation against a man frequently mentioned in the case is expected to be made by the defense.
Frenz is accused of playing Alonzo, an aged landowner in the Black-

bird canyon, back of Mount Hamilton. Withers was found dead in the summer of 1909 in his cabin by Martin Fenton, a neighbor.
La Frenz, who was accused, gave a straightforward story, saying that Withers had killed himself. He was released. After his arrest in San Francisco on another charge it is said he boasted he had killed an old man and obtained \$200 for the job.
THE TRIBUNE operates the largest Job Printing plant in Alameda County. Good work at reasonable figures. Phone Oakland 328.

You Cannot Afford to Miss Such Piano Values as These
This advertisement is meant to save money for those who wish to buy Pianos economically. Like every statement made by our house, it is truthful. The Pianos and Player-Pianos referred to are here for your inspection and approval; they are exactly as represented in quality and the reductions in price are genuine. For these reasons, and particularly because you are the real benefactor, the money-saver, they justify prompt investigation.

This Is Our Fall Clearance of New and Used Pianos and Player Pianos. The Spring and Summer accumulation of used Pianos taken in exchange for Mason & Hamlin Grands and Angelus Player-Pianos has thrown on our hands the most choice selection of high-class used Pianos that we have ever shown. They go to you at the very lowest prices after having been thoroughly overhauled and repolished in our shops. You may buy a good used Piano as low as \$50. Others at \$90, \$100 and upward, and on the easiest sort of terms.

Almost Every Prominent Make Is Here. If you wish a fine Weber, here; Fischer, present; Chickering, yes, two splendid Grands. Steinway, yes; half a dozen in grands and uprights and more than a half hundred of other beautiful Pianos at prices that will surprise and terms that will please you.

Our Finest Player Piano Offer, \$445. For this price, less the value of your old Piano, you may purchase on especially easy terms a new design of Player-Piano that represents more value for every dollar invested than you have ever before seen. It's a beauty, the Piano alone worth the price. \$15 in Music Rolls and a Bench included.

Come in Tomorrow If you knew the values that await you here you would make it your special business to catch an early car. If you love a real bargain, you will come early.

ANNOUNCE SCHOOL LECTURE PROGRAM
Robert J. Buchanan Will Deliver Talk Thursday at the Hawthorne School.

The schedule of lectures in the public schools this month has been arranged by Prof. Roscoe S. Wheeler, of the lecture bureau of the Board of Education, who has announced an interesting program. These lectures, which are given free to the public in the different schools of the city, are illustrated with lantern slides, and are one of this year's important extensions of the school work. Professor Wheeler, in charge of the bureau, is principal of the Piedmont School, and was

with the program. The success has caused the method to be widely adopted. The first lecture of the month will be held Thursday evening, when Robert J. Buchanan will tell, at the Hawthorne school, of London and other British points of interest.

On October 2, in the Piedmont School, Piedmont and Echo avenues, Prof. Thos. H. Reed will discuss "Municipal Ownership of Transportation Facilities in Alameda County."
Other lectures and lectures follow:
October 7, Fremont High school, Forty-sixth avenue and Foothill boulevard—"Ceylon, the Pearl of the Orient," Alexander Russell of San Francisco.
October 10, Franklin School, Ninth avenue and East Sixteenth street—"Wonders of New Zealand," Mrs. Lella M. Biondell of Oakland.
October 14, Prescott School, Ninth and Campbell streets—"Some Mexican Experiences During the First Revolution," J. A. Backledge of Berkeley.
October 17, Claremont School, College and Shafter avenues—"Russia: A Traveler's Impressions," Miss Catherine Englehart of Oakland.
October 21, Intermediate School No. 1, Twelfth avenue and Twelfth street—"The Greek Play," Prof. James T. Allen of the University of California.
October 24, Chabot Hall, Grove and Twelfth streets—"The Gettysburg Reunion," S. P. Messer, principal of the Cole school, Oakland.
October 30, Lockwood School, East Fourteenth street and Sixty-eighth avenue—"Bees and Their Habits," John C. Frouling of Berkeley.

TEACHERS' PENSIONS ARE DEVISED BY BOARD

SACRAMENTO, Sept. 30.—The details of the teachers' pension system of 14,000 teachers, which will go into effect January 1, were worked out at the meeting of the state board of education in the capital Saturday.
The most important point decided by the board was the determination of 30 calendar years as the length of service entitling a teacher to a pension. To be counted as a year six months must be spent out of each school year in teaching, but no allowance will be made as an extra year for summer teaching in addition to winter teaching.
Before January 1 every teacher desirous of coming under the pension law must declare intention of doing so. If she or he comes under the law \$1 will be deducted from the salary for each teaching month.
It is expected that about \$100,000 a year will be raised each year by the payment of \$1 monthly. It is expected the system will be self-supporting.

CHICAGO STUDENTS TO TRY MEMBERS
Violators of Honor Code Must Face Trial in Court.

CHICAGO, Sept. 30.—A court of students at the University of Chicago to try members of their classes for violation of the honor code is proposed in resolutions adopted last night by a committee of the honor association. The plan will be approved at the next meeting of the association, it is expected, and then will be submitted to the faculty, many of whom already have endorsed it. The court will be composed of six men and six women. Its members will be ap-

pointed by the student body as a whole to choose its most honest man and woman.
It is planned to place a box in the room where mail is distributed and any student observing dishonesty in examinations on the part of any student will be expected to drop a slip into the box, giving the name of the guilty one. No person may be adjudged guilty until at least two persons have appeared in the presence of the court.

Punishment for the first offense will be a reprimand, for the second offense the student's name will be published in the university paper and he will be expected to withdraw from activities of the university outside his regular work, and for the third offense he will be suspended.

ENCOURAGE INDIAN TO RAISE CATTLE
Believe That by This Means Beef Scarcity Can Be Averted.

WASHINGTON, Sept. 30.—The latest effort of the government to check the present scarcity of beef consists in enlisting the aid of the red man to raise cattle for the market. Not only is Commissioner of Indian Affairs Sells stocking the big Indian reservations with large herds of fine breeds of beef cattle, but he is mapping out plans for improving and developing all of the livestock of the Indians. In many instances the Indian has shown considerable aptitude for handling livestock and in order to encourage him the commissioner has authorized the purchase out of Indian funds of beef cattle herds for a number of reservations.
Commissioner Sells has issued advertisements calling for bids on 5000 head of cattle for the Crow Indian reservation in Montana. He also is increasing the stock of sheep on the reservations in Arizona and New Mexico.

WHEN CALIFORNIA JOINED THE UNION
(By M. GARLAND.)

Brave hearts again and again
Tolled patiently over the plain,
This beautiful land to gain.
They found it fair,
With miles of ocean to view,
With a sky like the turquoise blue,
Till the young gold moon peeked through,
Way up there.
And the "red man," held out his hand,
With a sad good-bye to his land,
And warily camp fires fanned,
With signs to beware.
Or, softly skimmed through the dark,
And gently paddled his bark,
With a whispered "Brother, bark!"
"Have a care!"
"Palefaces have come to stay."
"We must live to learn their way."
And washed the gold from the hills,
The plains, the rivers and rills,
While the grain grew fast for their mills,
Far and near.
And the orange fruit so fine,
Soon formed in many a line,
Their golden lanterns shine,
And sent the glow.
And the land grew beautifully dressed,
Fanned by the winds of the West,
With grapes in the sun to be pressed,
Fruits and flowers rare.
And then big cities stood
Of brick and stone and wood,
And the citizens said "It's good!"
"So there!"
And the Union said "It's great!"
California, you're a State;
"Extend your paw—let's shake!"
"On the square!"
There are treasures we have not dug;
We don't fear your sharp little mug;
We are ready to give you a hug,
You dear little golden bear.

ROYAL SHOE CO.
1114 WASHINGTON ST., BACON BLOCK
San Francisco Store—786 Market St., Near Stockton.
We Save You From 25c to \$1.50 on Every Pair of Shoes You Purchase Here.

GAS, DYSPEPSIA AND INDIGESTION
"Pape's Diapiesin" Settles Sour, Gassy Stomachs in Five Minutes—Time It!
You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one. Your stomach is too valuable; you mustn't injure it with drastic drugs.
Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.
Keep this perfect stomach friend in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

BARLEY RECORD.
STOCKTON, Sept. 30.—The largest shipment of barley from the islands this year has been made, part going to San Francisco and the rest to Stockton. There were 26,000 sacks in the lot and all were handled by the steamer A. C. Freese.

UNION PACIFIC FUND TOPIC OF DISCUSSION
NEW YORK, Sept. 30.—The executive committee of the Union Pacific met twice yesterday to discuss the question of the disposition of its large cash fund acquired in the sale of its Southern Pacific stock. No announcement of the result of the meetings was made. The directors said that they did not think the announcement would be made at the close of the regular weekly meeting of the executive committee this afternoon. Wall Street regarded the two meetings of the committee in the same day as an indication of an early decision. Judge Robert S. Lovett, chairman of the board of directors, said: "I don't know of anything but routine business to be discussed at the meeting of the committee. I see no reason for any announcement after it. In this matter of disposition of funds of the company, we must take our bearings and discuss many subjects thoroughly."
Judge Lovett said that the sum received for the Southern Pacific stock sale was about \$81,000,000 before the deduction of underwriting expenses. He declined to state the amount of cash in the treasury outside of this fund.

ANOTHER COME-FOUND; ARGENTINE BEES STOLEN
LONDON, Sept. 30.—The fourth corn of the year was discovered on Saturday by Senator Delarue, assistant in La Plata Observatory in Argentina. It is of a tenth magnitude and is probably identical with the Westphal comet of 1852, which due, and with which it may be identical, was discovered a month ago, was not taken into consideration.
